

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Muriel Gutierrez  
DOCKET NO.: 24-25802.001-R-1  
PARCEL NO.: 16-06-415-017-0000

The parties of record before the Property Tax Appeal Board are Muriel Gutierrez, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$9,940  
**IMPR.:** \$59,434  
**TOTAL:** \$69,374

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,459 square feet of living area. The dwelling is approximately 110 years old. The dwelling features a partial basement, one full bathroom, one half bathroom and a two-car garage. The property has a 7,100 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within .4 of a mile from the subject property. The comparables are class 2-06 properties that are improved with two or more-story dwellings of frame, masonry or frame and masonry exterior

construction ranging in size from 2,753 to 3,022 square feet of living area. The dwellings are from 87 to 127 years old. The comparables each have a full basement, two or three full bathrooms, one half bathroom and one or two fireplaces. Three comparables each have either a one-car or a two-car garage. The comparables have improvement assessments that range from \$57,689 to \$64,922 or from \$19.09 to \$23.17 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$53,950 or \$21.94 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$69,374. The subject property has an improvement assessment of \$59,434 or \$24.17 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three comparables that have the same assessment neighborhood code as the subject and are located approximately ¼ of a mile from the subject property. The comparables are class 2-06 properties that are improved with two-story dwellings of stucco, frame or masonry exterior construction ranging in size from 2,270 to 2,290 square feet of living area. The dwellings are from 110 to 125 years old. The comparables each have a full basement and one or two full bathrooms. One comparable has an additional half bathroom. Two comparables each have a fireplace and a two-car garage. The comparables have improvement assessments that range from \$55,685 to \$63,038 or from \$24.52 to \$27.77 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables due to substantial differences from the subject in dwelling size and/or age.

The Board finds the best evidence of assessment equity to be the three comparables submitted by the board of review, which are overall more similar to the subject in location, dwelling size, design and age. However, the Board finds the comparables have other features with varying degrees of similarity when compared to the subject, suggesting adjustments would be necessary to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments ranging from \$55,685 to \$63,038 or from \$24.52 to \$27.77 per square foot of living area. The subject's improvement assessment of \$59,434 or \$24.17 per square foot of living area falls within the range established by the best comparables in the record in terms of overall improvement assessment and below the range on a per square foot of living area basis.

Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
