

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Polymenakos
DOCKET NO.: 24-25886.001-R-1
PARCEL NO.: 16-30-205-024-0000

The parties of record before the Property Tax Appeal Board are George Polymenakos, the appellant, by George N. Reveliotis, attorney-at-law of Reveliotis Law, P.C. in Park Ridge, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,631
IMPR.: \$19,443
TOTAL: \$24,074

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry exterior construction that contains 1,438 square feet of living area. The home is approximately 97 years old. Features of the property include a full unfinished basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 3,780 square foot site located in Berwyn, Berwyn Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales improved with one-story dwellings of masonry or frame exterior construction that range in size from 1,096 to 1,462 square feet of living area. The homes range in age for 102 to 105 years old. Each property has a full basement, one fireplace, and one or two bathrooms. Three of the comparables have a two-car garage. The

comparables have sites ranging in size from 3,780 to 4,410 square feet of land area. The comparables have the same neighborhood code as the subject property and are located from .03 to .37 of a mile from the subject. The sales occurred from August 2022 to October 2024 for prices ranging from \$110,000 to \$212,500 or from \$100.37 to \$145.35 per square foot of living area, including land. The appellant requested the subject's total assessment be reduced to \$16,589.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$24,074. The subject's assessment reflects a market value of \$240,740 or \$167.41 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales consisting of class 2-03 properties improved with 1.5-story dwellings of masonry exterior construction that range in size from 1,481 to 1,582 square feet of living area. The comparables are from 97 to 103 years old. Each comparable has a full basement with three having finished area, and a 1-car or a 2-car garage. Three comparables have central air conditioning. The comparables have 1½, 2 or 3½ bathrooms. These properties have sites with either 3,660 or 3,780 square feet of land area. The comparables have the same neighborhood code as the subject with two located ¼ of a mile from the subject. The comparables sold from June 2022 to September 2024 for prices ranging from \$270,000 to \$399,900 or from \$182.06 to \$252.78 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on eight comparable sales with the same classification code and neighborhood code as the subject property to support their respective positions. The Board finds the best evidence of market value to be the board of review comparable sales that are more similar to the subject in size and style than are the comparables submitted by the appellant. The board of review comparables have varying degrees of similarity to the subject in features that would require adjustments to make them more equivalent to the subject property. Nevertheless, these comparables sold for prices ranging from \$270,000 to \$399,900 or from \$182.06 to \$252.78 per square foot of living area, including land. The subject's assessment reflects a market value of \$240,740 or \$167.41 per square foot of living area, including land, which is below the range established by the best comparable sales in this record. Based on this evidence the Board finds the subject's assessment is reflective of the property's market value and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
