

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Carly Hrebic
DOCKET NO.: 24-25899.001-R-1
PARCEL NO.: 28-18-203-002-0000

The parties of record before the Property Tax Appeal Board are Carly Hrebic, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,795
IMPR.: \$21,205
TOTAL: \$25,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame and masonry exterior construction with 1,296 square feet of living area. The dwelling is approximately 60 years old. Features include a partial basement with finished area and a 2-car garage. The property has a 6,600 square foot site and is located in Oak Forest, Bremen Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on six equity comparables located in the subject's assessment neighborhood and within 0.18 of a mile from the subject property. The comparables are improved with 1-story, class 2-03 dwellings of masonry or frame and masonry exterior construction ranging in size from 1,296 to 1,728 square feet of living area. The dwellings range in age from 53 to 59 years old. Five comparables each have a full or partial

basement, three of which have finished area and one comparable has a crawl space foundation. Two comparables each have central air conditioning. Each comparable has from a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$19,033 to \$24,654 or ranging from \$12.44 to \$14.84 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$25,000. The subject property has an improvement assessment of \$21,205 or \$16.36 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-03 dwellings of frame and masonry exterior construction ranging in size from 1,165 to 1,296 square feet of living area. The dwellings are either 56 or 60 years old. Each comparable has a partial basement, three of which have finished area, and a 2-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$21,205 to \$22,205 or from \$16.90 to \$18.46 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 10 suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, #4, #5, and #6, as well as board of review comparables #1 and #3, due to differences when compared to the subject in dwelling size, foundation type, and/or central air conditioning.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3, as well as board of review comparables #2 and #4, which are overall more similar, if not identical, to the subject in location, design/class, age, and dwelling size with varying degree of similarity in other features. The best comparables have improvement assessments ranging from \$19,033 to \$22,138 or from \$14.69 to \$18.46 per square foot of living area. The subject property's improvement assessment of \$21,205 or \$16.36 per square foot of living falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
