

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Polymenakos
DOCKET NO.: 24-25906.001-R-1
PARCEL NO.: 28-23-401-030-0000

The parties of record before the Property Tax Appeal Board are George Polymenakos, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,796
IMPR.: \$7,824
TOTAL: \$9,620

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,060 square feet of living area. The dwelling is approximately 69 years old. Features include a slab foundation. The property has a 7,980 square foot site and is located in Markham, Bremen Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on seven equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-03 dwellings of frame or frame and masonry exterior construction ranging in size from 1,020 to 1,200 square feet of living area. The dwellings range in age from 70 to 86 years old. Each comparable has a slab or crawl space foundation. Four comparables

each have a 2-car or 2.5-car garage. The comparables have improvement assessments ranging from \$809 to \$7,698 or from \$0.78 to \$6.60 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,620. The subject property has an improvement assessment of \$7,824 or \$7.38 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-03 dwellings of frame exterior construction ranging in size from 1,020 to 1,139 square feet of living area. The dwellings are each 71 years old. Each comparable has a slab foundation. One comparable has a 2-car garage. The comparables have improvement assessments ranging from \$8,657 to \$10,205 or from \$8.17 to \$9.63 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 11 suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #3, #4, and #5, as well as board of review comparable #3, which are less similar to the subject in age or dwelling size than other comparables in this record and/or feature a garage, unlike the subject. The Board also gives less weight to the appellant's comparables #6 and #7 which have improvement assessments that are substantially lower than the other comparables in this record, thus, making these comparables outliers.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #2, as well as board of review comparables #1, #2, and #4 which are similar, if not identical, to the subject in location, design/class, age, dwelling size, and other features. The best comparables have improvement assessments ranging from \$6,652 to \$10,205 or from \$6.52 to \$9.63 per square foot of living area. The subject property's improvement assessment of \$7,824 or \$7.38 per square foot of living falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
