

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mariette G. Bland
DOCKET NO.: 24-25936.001-R-1
PARCEL NO.: 28-30-203-001-0000

The parties of record before the Property Tax Appeal Board are Mariette G. Bland, the appellant, by attorney Andreas Mamalakis of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,878
IMPR.: \$18,122
TOTAL: \$22,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,439 square feet of living area. The dwelling is approximately 76 years old. The property features a crawl space foundation, one full bathroom and one half bathroom. The property has an 8,618 square foot site and is located in Tinley Park, Bremen Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code as the subject and are located within .73 of mile from the subject property. The comparables are class 2-03 properties improved with 1-story or 1.5-story dwellings of frame exterior construction ranging in size from

1,173 to 1,603 square feet of living area. The dwellings range in age from 71 to 95 years old. One comparable has a crawl space foundation and four comparables each have a full or partial basement. Each comparable has one full bathroom, one or two fireplaces and from a 1-car to a 3-car garage. The comparables have improvement assessments that range from \$10,414 to \$14,306 or from \$7.63 to \$8.98 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$12,447 or \$8.65 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,000. The subject property has an improvement assessment of \$18,122 or \$12.59 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within the same block as the subject property. The comparables are class 2-03 properties improved with 1-story dwellings of masonry or frame and masonry exterior construction ranging in size 1,064 to 1,409 square feet of living area. The dwellings are 60 or 65 years old. One comparable has a full basement and three comparables each have a crawl space foundation. Two comparables have air conditioning. Each comparable has one full bathroom and either a 1.5-car or a 2-car garage. Three comparables each have an additional half bathroom. The comparables have improvement assessments of \$19,035 or \$20,035 or from \$14.22 to \$18.83 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables, as well as board of review comparables #3 and #4, which have basement foundations, unlike the subject and/or differ from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2, which have the same assessment neighborhood code as the subject and are more similar to the subject in dwelling size, design and foundation. However, the dwellings are somewhat newer in age and each property has a garage, suggesting downward adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, these two comparables have improvement assessments of \$19,035 and \$20,035 or \$14.22 and \$15.31 per square foot of living area. The subject's improvement assessment of \$18,122 or \$12.59 per

square foot of living area falls below the two best comparables in the record, which appears to be logical given the subject's somewhat older dwelling age and lack of a garage. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
