FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Jodi Kirsch Hen Gamzo Letova
DOCKET NO.: 24-26016.001-R-1
PARCEL NO.: 16-02-214-021-0000

The parties of record before the Property Tax Appeal Board are Jodi Kirsch Hen Gamzo Letova, the appellant, by attorney Michael R. Davies, of Ryan Law, PLLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***A Reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$4,650
IMPR.:	$33,850
TOTAL:	$38,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The property is a 3,100 square foot site located in Chicago, West Chicago Township, Cook County. The subject property consists of an approximately 132-year-old, three-story, dwelling of masonry construction containing approximately 2,790 square feet of gross living area. Features of the dwelling include three bathrooms, a full basement, and a two-car garage. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing that the subject property was purchased on June 15, 2022, for a price of $385,000. The appellant completed Section IV - Recent Sale disclosing the subject was sold by a realtor, was advertised for sale on a multiple listing service (MLS) for eight months, was not sold subject to a foreclosure action or using a contract for deed, and the parties were not

related. In addition, the appellant provided the settlement statement documenting the sale of the subject and price. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total valuation for the subject of $47,058 which reflects a market value of $470,580, land included, or $168.66 per square foot of living area, including land, when applying the median level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its position, the Board of Review submitted four comparable sales. Three of the sales were in the same neighborhood, and all were within a quarter mile or in the same subarea as the subject. The comparables were improved with Class 2-11 dwellings of masonry construction, ranging in age from 120 to 132 years, and improvements ranging from 2,979 to 3,276 square feet of living area. These properties sold between February 2023 and September 2024 for prices ranging from $500,000 to $570,000, or $155.76 to $187.98 per square foot of living area, land included. The Board of Review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property on June 15, 2022, for a price of $385,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related and the property had been advertised for sale. In further support of the transaction the appellant submitted a copy of the settlement statement contemplating a transaction between a willing seller and a willing buyer. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction. The Board finds the purchase price is below the market value reflected by the assessment. Therefore, a reduction in the subject's assessment commensurate with the appellant's request is appropriate. Since market value has been established the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance shall apply. (86 Ill.Admin.Code §1910.50(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
