

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Vint
DOCKET NO.: 24-26198.001-R-1
PARCEL NO.: 05-20-200-021-0000

The parties of record before the Property Tax Appeal Board are James Vint, the appellant, by attorney Kyle Gordon Kamego, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$25,713
IMPR.: \$71,150
TOTAL: \$96,863

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,846 square feet of living area. The dwelling is approximately 139 years old. Features of the home include a partial basement, central air conditioning, a fireplace, and a 2-car garage. The property has a 9,350 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the subject's assessment neighborhood and within .7 of a mile of the subject. The comparables consist of 2-story class 2-06 dwellings of frame or frame and masonry exterior construction ranging in size from 2,506 to 3,220 square feet of living area. The homes

range in age from 83 to 129 years old. Each dwelling has central air conditioning, one or two fireplaces, a full or partial basement, and a 1.5-car or 2-car garage. The comparables have improvement assessments ranging from \$59,705 to \$75,509 or from \$22.15 to \$23.82 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$65,743 or \$23.10 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$101,217. The subject property has an improvement assessment of \$75,504 or \$26.53 per square foot of living area.

The board of review did not submit any evidence in support of the assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The appellant submitted four equity comparables to support his position before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparable #4, which differs from the subject in age. The Board finds the appellant's three remaining comparables are similar to the subject in age, location, dwelling size, and features. These comparables have improvement assessments ranging from \$63,145 to \$75,509 or from \$22.15 to \$23.45 per square foot of living area. The subject's improvement assessment of \$75,504 or \$26.53 per square foot of living area falls within the range established by the best comparables in this record overall and above the range on a per-square-foot basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
