

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: PMI PROPERTIES
DOCKET NO.: 24-26248.001-R-1
PARCEL NO.: 17-20-416-001-0000

The parties of record before the Property Tax Appeal Board are PMI PROPERTIES, the appellant, by attorney Michael R. Davies of Ryan Law, PLLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,175
IMPR.: \$37,823
TOTAL: \$47,998

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family building of frame exterior construction with 3,690 square feet of gross building area. The building is approximately 136 years old. Features of the property include a slab foundation and three full bathrooms. The property has a site with 2,750 square feet of land area and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code as the subject and are located from .31 of a mile to 2.01 miles from the subject. The comparables are class 2-11 properties improved with two-story multi-family buildings of frame exterior construction ranging in size

from 3,740 to 4,219 square feet of gross building area. The buildings are from 132 to 146 years old. Two comparables each have a full or partial basement and three comparables each have a slab foundation. Each comparable has three, four or six full bathrooms. Comparable #1 has central air conditioning. Three comparables each have either a 1-car, a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$36,438 to \$41,768 or from \$9.11 to \$10.75 per square foot of gross building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$55,451. The subject property has an improvement assessment of \$45,276 or \$12.27 per square foot of gross building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject, one of which is located approximately $\frac{1}{4}$ of a mile from the subject property. The comparables are class 2-11 properties improved with two-story multi-family buildings of frame exterior construction ranging in size from 3,402 to 3,524 square feet of gross building area. The buildings are 135 or 137 years old. The comparables each have a full basement, two of which are finished with an apartment. Each comparable has three or four full bathrooms and two comparable each have one or two additional half bathrooms. Comparable #4 has a 2-car garage. The comparables have improvement assessments that range from \$48,750 to \$55,899 or from \$14.05 to \$16.43 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1 and #5, as well as the four comparables submitted by the board of review which have basement foundations in contrast to the subject's slab foundation. The Board has also given less weight to the appellant's comparable #2 due to its considerably larger building size when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4, which have the same assessment neighborhood code as the subject and are overall more similar to the subject in building size, story height, foundation, age and some features. The Board finds these two comparables have improvement assessments of \$37,382 and \$41,768 or \$10.00 and \$10.37 per square foot of gross building area, respectively. The subject's improvement assessment of \$45,276 or \$12.27 per square foot of gross building area falls above

the two best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the subject's improvement assessment is excessive. Based on this record, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
