

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edward Powers
DOCKET NO.: 24-26252.001-R-1 through 24-26252.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Edward Powers, the appellant(s), by attorney Kyle Gordon Kamego, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
24-26252.001-R-1	05-08-309-006-0000	20,240	0	\$20,240
24-26252.002-R-1	05-08-309-022-0000	17,406	80,842	\$98,248

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry construction with 4,028 square feet of living area. The dwelling is approximately 110 years old. Features of the home include a partial basement, central air conditioning, a fireplace and a 2.5-car garage. The property has a 7,912¹ square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

¹ PIN 05-08-309-006-0000, land only with no improvement, is not being appealed. PIN 05-08-309-022-0000 is only being appealed as to the improvement assessment, not the land. In petition appellant claims total land is equal to 17,112 square feet. Board of review claims total land is equal to 7,912 square feet. This difference in land square footage is not being considered by the Board in this appeal as the only claim by appellant is as to assessed valuation of the improvement on PIN 05-08-309-022-0000.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four class 2-06 equity comparable properties with varying degrees of similarities to the subject which are located within a 1.1-mile radius of the subject. The improvements ranged: in age from 94 to 123 years; in size from 3,468 to 4,674 square feet of living area; and in improvement assessment from \$19.64 to \$20.24 per square foot of living area. Based on this evidence the appellant is seeking a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$109,000. The subject property has an improvement assessment of \$91,594 or \$22.74 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four class 2-06 equity comparable properties with varying degrees of similarities to the subject which are located within the same neighborhood code as the subject, but for which the board of review did not provide proximity to the subject. The improvements ranged: in age from 85 to 124 years; in size from 3,335 to 4,701 square feet of living area; and in improvement assessment from \$20.00 to \$21.99 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight equity comparable properties for the Board's consideration in determining assessment equity. The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #4 and board of review's comparable #4. Appellant's comparables were smaller in square feet of living area than the subject but similar to the subject in age, partial basement, central air conditioning, and garage space. One of these comparables had one fireplace like the subject while the other had three fireplaces. The subject property has 2.5 bathroom while the comparables have 3.5 or three full bathrooms. Board of review's comparable #4 was similar to the subject in age, size, bathrooms, partial basement, central air conditioning, and garage space. These comparable properties were similar to the subject and had improvement assessments that ranged from \$19.64 to \$20.33 per square foot of living area. The subject's improvement assessment of \$22.74 per square foot of living area falls above the range established by the best comparable properties in this record. After considering all the comparable properties submitted by the parties with emphasis on those properties that are more proximate in location, more similar in size, and with similar features relative to the subject and after further considering adjustments to the best comparable properties for differences from the subject, the Board finds the subject's improvement assessment is not supported. The Board finds that the appellant did demonstrate with clear and convincing evidence that the subject's

improvement was inequitably assessed and, therefore, a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
