

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lisa Podmajersky
DOCKET NO.: 24-26306.001-R-1
PARCEL NO.: 17-20-416-031-0000

The parties of record before the Property Tax Appeal Board are Lisa Podmajersky, the appellant, by attorney Michael R. Davies of Ryan Law, PLLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$31,501
IMPR.: \$31,501
TOTAL: \$63,002

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story mixed-use building of masonry exterior construction with 3,354 square feet of gross building area. The building is approximately 143 years old. Features of the property include a slab foundation and four full bathrooms. The property has a site with 10,700 square feet of land area and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located from 1.4 to 2.10 miles from the subject. The comparables are class 2-12 properties improved with two-story or three-story mixed-use buildings of masonry exterior construction ranging in

size from 3,779 to 4,150 square feet of gross building area. The buildings are from 106 to 138 years old. Each comparable has a partial basement and either two, three, four or six full bathrooms. Comparable #4 has an additional half bathroom. Two comparables each have central air conditioning. Three comparables each have a one-car, a two-car or a four-car garage. The comparables have improvement assessments that range from \$27,864 to \$36,945 or from \$7.27 to \$9.05 per square foot of gross building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the final assessment for the subject of \$63,002. The subject property has an improvement assessment of \$31,501 or \$9.39 per square foot of gross building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within the same block or approximately 1/4 of a mile from the subject property, two of which are also along the same street. The comparables are class 2-12 properties improved with a two-story or three-story mixed-use buildings of frame, masonry or frame and masonry exterior construction ranging in size from 1,497 to 4,800 square feet of gross building area. The buildings are from 132 to 140 years old. One comparable has a slab foundation and three comparables each have either a full or partial basement. Each comparable has from two to four full bathrooms and three comparables each have an additional half bathroom. Comparable #1 has a two-car garage. The comparables have improvement assessments that range from \$27,120 to \$50,298 or from \$10.27 to \$18.12 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's four comparables, as well as board of review comparables #1 and #4 which differ from the subject in building size and/or they are located more than one mile from the subject property.

The Board finds the best evidence of assessment equity to be board of review comparables #2 and #3 which are located more proximate to the subject and are overall more similar to the subject in building size and age. However, the Board finds board of review comparable #2 is a two-story building with a partial basement, when compared to the subject's three-story design with a slab foundation, suggesting adjustments for these differences would be required to make this comparable more equivalent to the subject. Nevertheless, the two comparables have

improvement assessments of \$37,750 and \$50,298 or \$10.94 and \$13.36 per square foot of gross building area. The subject's improvement assessment of \$31,501 or \$9.39 per square foot of gross building area falls below the two best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
