

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Elizabeth Park LTD Partnership
DOCKET NO.: 24-26587.001-R-1
PARCEL NO.: 17-21-301-008-0000

The parties of record before the Property Tax Appeal Board are Elizabeth Park LTD Partnership, the appellant, by attorney Michael R. Davies of Ryan Law, PLLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,175
IMPR.: \$63,825
TOTAL: \$74,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story mixed-use building of masonry exterior construction with 5,670 square feet of gross building area. The building is approximately 143 years old. Features of the property include a partial basement, two full bathrooms and a 1.5-car garage. The property has a site with 2,750 square feet of land area and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code as the subject and are located from 1.89 to 2.47 miles from the subject. The comparables are class 2-12 properties improved with two-story or three-story mixed-use buildings of masonry exterior construction ranging in

size from 5,727 to 6,516 square feet of gross building area. The buildings are from 118 to 143 years old. Each comparable has a full or partial basement and from two to five full bathrooms. Four comparables each have an additional half bathroom. Two comparables each have a one-car or a two-car garage. The comparables have improvement assessments that range from \$44,800 to \$53,883 or from \$7.82 to \$8.62 per square foot of gross building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the final assessment for the subject of \$74,000. The subject property has an improvement assessment of \$63,825 or \$11.26 per square foot of gross building area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables that have the same assessment neighborhood code as the subject, two of which are located approximately $\frac{1}{4}$ of a mile from the subject property and along the same street. The comparables are class 2-12 properties improved with a two-story or three-story mixed-use buildings of frame or masonry exterior construction ranging in size from 5,142 to 6,000 square feet of gross building area. The buildings are from 138 to 154 years old. One comparable has a slab foundation and two comparables each have a partial basement. Each comparable has four or five full bathrooms and two comparables each have an additional half bathroom. Comparable #3 has a one-car garage. The comparables have improvement assessments that range from \$61,750 to \$70,860 or from \$11.81 to \$12.32 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2, #4 and #5, as well as board of review comparable #2 which differ from the subject in story height and/or building size.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3, along with board of review comparables #1 and #3 which have the same assessment neighborhood code as the subject and overall are more similar to the subject in building size and story height. However, the Board finds the comparables have varying degrees of similarity when compared to the subject in age, bathroom count, foundation and garage amenity, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, these three comparables have improvement assessments that range from \$49,438 to \$70,860 or from \$8.14 to \$12.01 per square foot of gross building area. The subject's

improvement assessment of \$63,825 or \$11.26 per square foot of gross building area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
