

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Developing Environments
DOCKET NO.: 24-26619.001-R-1
PARCEL NO.: 17-21-313-008-0000

The parties of record before the Property Tax Appeal Board are Developing Environments, the appellant, by Michael R. Davies, attorney-at-law of Ryan Law, PLLC in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,620
IMPR.: \$70,860
TOTAL: \$80,480

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story mixed-use building of frame construction that contains 6,000 square feet of building area. The building is approximately 138 years old. Features of the property include a slab foundation, 4½ bathrooms, and a 1-car garage. The property has a 2,600 square foot site located in Chicago, West Chicago Township, Cook County. The subject is a class 2-12 mixed-use commercial/residential building under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables consisting of class 2-12 properties improved with two-story or three-story mixed-use buildings of masonry construction that range in size from 6,075 to 6,822 square feet of building area. The comparables are 118 to 136 years old. Each comparable has a partial or full

basement and 2½, 3½ or 4 bathrooms. Three comparables have a 1-car, 1.5-car or 2-car garage. The comparables have the same neighborhood code as the subject and are located from 1.24 to 2.17 miles from the subject property. Their improvement assessments range from \$49,438 to \$57,438 or from \$8.01 to \$8.42 per square foot of building area. The appellant requested the subject's assessment be reduced to \$49,020.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$80,480. The subject property has an improvement assessment of \$70,860 or \$11.81 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables consisting of class 2-12 properties improved with two-story or three-story mixed-use buildings of masonry exterior construction that range in size from 5,566 to 6,912 square feet of building area and are 134 or 154 years old. Each property has a partial basement, and 4½, 6 or 7½ bathrooms. One comparable has central air conditioning and a 2-car garage. The comparables have the same neighborhood code as the subject property with comparables #1 and #3 being located along the same street and ¼ of a mile from the subject. These properties have improvement assessments ranging from \$68,573 to \$82,239 or from \$11.90 to \$12.61 per square foot of building area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review comparables that are more similar to the subject property in location than are the comparables provided by the appellant. The board of review comparables vary from the subject in style, size, exterior construction and features that would require adjustments to make them more equivalent to the subject property. Nevertheless, the board of review comparables have improvement assessments that range from \$68,573 to \$82,239 or from \$11.90 to \$12.61 per square foot of building area. The subject's improvement assessment of \$70,860 or \$11.81 per square foot of living area falls within the range of the total improvement assessments and is below the range on a per square foot basis as established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
