

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Craig Trevelyan  
DOCKET NO.: 24-26792.001-R-1  
PARCEL NO.: 16-06-409-011-0000

The parties of record before the Property Tax Appeal Board are Craig Trevelyan, the appellant, by attorney Andreas Mamalakis of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,890  
**IMPR.:** \$48,838  
**TOTAL:** \$57,728

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of stucco exterior construction with 1,938 square feet of living area. The dwelling is approximately 110 years old. The home features a full basement, a fireplace and a 2-car garage. The property has a 6,350 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code as the subject and are located within .44 of a mile from the subject property. The comparables are class 2-05 properties that are improved with two-story dwellings of stucco exterior construction ranging in size from 1,908 to 2,185 square feet of living area. The dwellings are from 110 to 115 years old. The

comparables each have a full basement, one or two fireplaces and either a 1-car, a 1.5-car or a 2-car garage. Three comparables have central air conditioning. The comparables have improvement assessments that range from \$48,101 to \$55,133 or from \$24.86 to \$25.23 per square foot of living area.

Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$48,528 or \$25.04 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$57,728. The subject property has an improvement assessment of \$48,838 or \$25.20 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables that have the same assessment neighborhood code as the subject and are located within the same block or approximately ¼ of a mile from the subject property, one of which is along the same street as the subject. The comparables are class 2-05 properties that are improved with two-story dwellings of stucco exterior construction ranging in size from 1,650 to 2,182 square feet of living area. The dwellings are from 106 to 113 years old. The comparables each have a full basement, one of which has finished area. Three comparables have central air conditioning, three comparables each have a fireplace and each comparable has a 2-car garage. The comparables have improvement assessments that range from \$43,164 to \$58,735 or from \$26.16 to \$30.69 per square foot of living area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2 and #3, as well as board of review comparables #1, #2 and #3 which differ from the subject in that they have central air conditioning and/or a smaller dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparables #4 and #5, along with board of review comparable #4, which are overall more similar to the subject in location, dwelling size, design, age and some features. The comparables have improvement assessments ranging from \$48,101 to \$58,250 or from \$25.21 to \$26.92 per square foot of living area. The subject's improvement assessment of \$48,838 or \$25.20 per square foot of living area falls at the lower end of the range established by the best comparables in the record in terms of

overall improvement assessment and slightly below the range on a per square foot of living area basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
