

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adan Corral  
DOCKET NO.: 24-26826.001-R-1  
PARCEL NO.: 28-17-205-011-0000

The parties of record before the Property Tax Appeal Board are Adan Corral, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,465  
**IMPR.:** \$23,440  
**TOTAL:** \$26,905

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 1,721 square feet of living area. The dwelling is approximately 60 years old. Features of the home include a partial basement with finished area,<sup>1</sup> central air conditioning and a 2-car garage. The property has a 7,700 square foot site and is located in Oak Forest, Bremen Township, Cook County and is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparable properties located within the same assessment neighborhood as the subject. The comparables are improved with class 2-07, 2-story dwellings of frame and masonry exterior

<sup>1</sup> The board of review disclosed the subject's basement has a finished area, which was unrefuted by the appellant.

construction ranging in size from 1,630 to 1,945 square feet of living area. The dwellings are 51 to 62 years old. Each comparable has a crawl space foundation, 1 or 2 fireplaces, and a 1-car or a 2-car garage. Four comparables each have central air conditioning. The comparables have improvement assessments ranging from \$12,715 to \$20,674 or from \$7.79 to \$11.06 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$26,905. The subject property has an improvement assessment of \$23,440 or \$13.62 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparable properties located within the same assessment neighborhood as the subject. The comparables are improved with class 2-07, 2-story dwellings of frame or frame and masonry exterior construction ranging in size from 1,566 to 1,590 square feet of living area. The dwellings are 53 to 63 years old. Each comparable has a partial basement with finished area and a 2-car garage. Three comparables each have central air conditioning. One comparable has a fireplace. The comparables have improvement assessments ranging from \$22,931 to \$24,846 or from \$14.42 to \$15.74 per square foot of living area. Based on this evidence, the board of review asserts that the assessed value per square foot of the comparables supports the subject's assessed value as equitable.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which lack a basement foundation, which the subject features.

The Board finds the best evidence of assessment equity to be the board of review comparables which are overall more similar to the subject in location, age, dwelling size, foundation type and/or other features. The comparables have improvement assessments ranging from \$22,931 to \$24,846 or from \$14.42 to \$15.74 per square foot of living area. The subject's improvement assessment of \$23,440 or \$13.62 per square foot of living area falls within the range established by the best comparables in this record on an overall improvement assessment basis and below the range on a per square foot basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
