

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bay Laurel Partners
DOCKET NO.: 24-26889.001-R-1
PARCEL NO.: 17-17-303-009-0000

The parties of record before the Property Tax Appeal Board are Bay Laurel Partners, the appellant, by attorney Peter D. Verros of Verros Berkshire, PC in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,918
IMPR.: \$92,362
TOTAL: \$107,280

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story multi-family building of masonry exterior construction with 5,656 square feet of gross building area. The building is approximately 121 years old. Features of the property include a full basement and six full bathrooms. The property has a site with 2,664 square feet of land area and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject property and are located from approximately .03 to .18 of a mile from the subject property. The comparables are class 2-11 properties improved with three-story multi-family buildings of masonry exterior

construction ranging in size from 3,912 to 4,830 square feet of gross building area. The buildings are 121 or 126 years old. Each comparable has a full basement and either three or six full bathrooms. The comparables have improvement assessments that range from \$53,184 to \$77,082 or from \$12.81 to \$16.00 per square foot of gross building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the final total assessment for the subject of \$107,280. The subject property has an improvement assessment of \$92,362 or \$16.33 per square foot of gross building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within the same block or approximately ¼ of a mile from the subject property, two of which are also along the same street as the subject. The comparables are class 2-11 properties improved with three-story multi-family buildings of masonry exterior construction ranging in size from 5,097 to 5,442 square feet of gross building area. The buildings are from 117 to 123 years old. Each comparable has a full basement and six full bathrooms. Comparable #3 has a one-car garage. The comparables have improvement assessments that range from \$85,082 to \$91,082 or from \$16.45 to \$16.84 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's four comparables which have buildings that from 15% to 31% smaller than the subject building. The Board has given reduced weight to board of review comparable #3 which has a garage, unlike the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #3, which are overall more similar to the subject in location, building size, design, age and most features. However, the Board finds the buildings are from 4% to 7% smaller than the subject, suggesting upward adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, these three comparables have improvement assessments ranging from \$88,082 to \$91,082 or from \$16.48 to \$16.84 per square foot of gross building area. The subject's improvement assessment of \$92,362 or \$16.33 per square foot of gross building area falls above the range established by the best comparables in the record in terms of overall improvement assessments but below the comparables on a per square foot of gross building area basis, which appears to be logical given the subject's superior building size. Based

on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
