

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marisol Prada
DOCKET NO.: 24-26975.001-R-1
PARCEL NO.: 13-36-230-012-0000

The parties of record before the Property Tax Appeal Board are Marisol Prada, the appellant(s), by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,112
IMPR.: \$57,600
TOTAL: \$71,712

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 127-year-old, two-story, mixed-use building of masonry construction with 3,600 square feet of living area. The property has a 2,520 square foot site and is located in Chicago, West Chicago Township, Cook County. Features of the building include four full bathrooms and an unfinished partial basement. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five Class 2-12 comparables with varying degrees of similarities to the subject. The comparable properties were located between 0.42 and 1.62 miles from the subject property. The comparables had improvement assessments ranging from \$11.24 to \$13.54 per square foot of living area. The appellant requested the subject's total assessment be reduced to \$58,572.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$76,000. The subject property has an improvement assessment of \$61,888 or \$17.19 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four Class 2-12 suggested equity comparables with varying degrees of similarity to the subject. Three of the suggested comparables were located within a quarter of a mile of the subject property and one other comparable was located within a block of the subject. The comparables had improvement assessments that ranged from \$16.61 to \$25.07 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

In rebuttal, the appellant submitted a letter highlighting the differences between the subject property and the board of review's comparables #3 and #4.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proven by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof, and that a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparable #1 and the board of review's comparables #1 and #2. These comparables had improvement assessments that ranged from \$11.24 to \$16.61 per square foot of living area. The subject's improvement assessment of \$17.19 per square foot of living area falls within the range established by the best comparables in this record. The appellant's comparables #2 through #5 were distinguished by their distance from the subject property and the board of review's comparables #3 and #4 were distinguished by their difference in size relative to the subject property. After considering the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is not supported. Based on this record, the Board finds by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
