

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brent Shraiberg
DOCKET NO.: 24-27062.001-R-1
PARCEL NO.: 17-19-415-019-0000

The parties of record before the Property Tax Appeal Board are Brent Shraiberg, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,288
IMPR.: \$81,712
TOTAL: \$94,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story multi-family building of masonry exterior construction with 3,937 square feet of gross building area. The building is approximately 4 years old. Features of the subject include a basement with finished area, 6½ bathrooms and central air conditioning. The property has an approximately 3,321 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code and within 1.11 miles of the subject property. The comparables are improved with 2-story or 3-story class 2-11 multi-family buildings of masonry or frame exterior construction ranging in size from 3,205 to 4,640 square

feet of gross building area. The buildings range in age from 3 to 15 years old. Each comparable has a basement, and central air conditioning. Three comparables have 3 or 6 full bathrooms and one comparable has 3 full bathrooms and three ½ bathrooms. One comparable has three fireplaces. The comparables have improvement assessments ranging from \$55,078 to \$81,144 or from \$16.01 to \$19.79 per square foot of gross building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$70,905 or \$18.01 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$94,000. The subject property has an improvement assessment of \$81,712 or \$20.75 per square foot of gross building area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located in the same assessment neighborhood code and within a ¼ of a mile or in a subarea of the subject property. The comparables are improved with 2-story or 3-story class 2-11 multi-family buildings of frame exterior construction ranging in size from 3,654 to 4,178 square feet of gross building area. The buildings range in age from 2 to 6 years old. Each comparable has a basement with finished area, 6 bathrooms or 7½ bathrooms and central air conditioning. One comparable has a 2-car garage. The comparables have improvement assessments ranging from \$82,123 to \$85,441 or from \$20.45 to \$22.83 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

In rebuttal, the appellant submitted a letter stating the subject has masonry construction and the board of review's comparables have frame construction.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3 and #4 and the board of review's comparables #1 and #3 which are less similar to the subject in location, design, bathroom count and/or garage amenity, a feature the subject lacks.

The Board finds the best evidence of assessment equity to be the appellant's comparable #2 and the board of review's comparable #2 which are more similar to the subject in location, age, design, building size and most features. These comparables have improvement assessments of \$81,144 and \$82,123 or \$17.49 and \$20.87 per square foot of gross building area. The subject's improvement assessment of \$81,712 or \$20.75 per square foot of gross building area is bracketed by the two best comparables in this record. After considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate

with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which, appears to exist on the basis of the evidence in this record.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
