

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nile Wendorf
DOCKET NO.: 24-27105.001-R-1
PARCEL NO.: 16-18-125-017-0000

The parties of record before the Property Tax Appeal Board are Nile Wendorf, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,750
IMPR.: \$45,750
TOTAL: \$54,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of two improvements. There is a 3,157 square foot two-flat residence. There is also a 797 square foot coach house located on the property. Features of the residence and the coach house include five bathrooms and a finished basement. The property has a 6,250 square foot site and is located in Oak Park, Oak Park Township, Cook County. The property is a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$545,000 as of January 1, 2024. The appraiser relied on a sales comparison approach and identified three comparable properties. These properties are located 0.35 to 1.18 miles away from the subject property. The properties sold between June 2022 and January 2023 for sale prices between \$499,500 and \$625,000. The properties have between 3,592 and 4,871 square feet of living area

and have unit sale prices per square foot between \$104.56 and \$146.16. In the appraisal, the appraiser adjusted sale prices based on factors such as site size, view, building area, condition, room count, kitchen, modernization, and having a coach house or not. The appellant is requesting a total assessment of \$15,500.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$74,600. The subject's assessment reflects a market value of \$746,000 and has an assessment per square foot of \$18.39 for the main property not including the coach house. In support of its contention of the correct assessment the board of review submitted information on three comparable sales for the main property. The board of review identified three sales but did not state the distance of the properties to the comparable and also stated these properties are located in different neighborhoods than the subject. The unadjusted sales of properties that did not have coach houses occurred from May 2024 to November 2024 for sales prices between \$750,000 and \$1,450,000. The sales price per square foot are between \$197.26 and \$366.53. The board of review is requesting that the current assessment be confirmed.

A hearing was held in this matter on March 5, 2026, via the WebEx virtual platform. The appellant appeared along with the appraiser, Michael Grimes, who completed the appraisal in the record. Rachel Dickerson appeared on behalf of the Cook County Board of Review. The appraiser testified that he made adjustments for the property being a multi-family residence or two-flat, as those typically sell for less than a single-family home. He also adjusted for the property having a coach house. Under cross examination, he further explained his adjustments in terms of the property being owner occupied, the gross rent multiplier, a quiet neighborhood, bathrooms, and basement type. In closing, the appellant stated the properties submitted by the board of review are not comparable.

Conclusion of Law

The appellant contends that the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e); Winnebago County Bd. of Review v. Property Tax Appeal Bd., 313 Ill. App. 3d 1038, 1043 (2d Dist. 2000). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds that the best evidence of the subject's market value is the appraisal submitted by the appellant. That appraisal employed the sales comparison approach, relying upon sales of three properties in Oak Park. The appraiser adjusted these sales prices to account for differences between the subject and the comparables, including multi-family versus single family homes, having a coach house versus not having a coach house, rent earned, neighborhood type, basement type, and bathrooms, among other factors. The Board agrees with the appellant's assertion during the hearing that the board of review's comparables were not particularly persuasive, as they are located in different neighborhoods than the subject and did not have coach houses, among other factors.

Accordingly, the Board finds the subject property had a fair market value of \$545,000 as of the assessment date at issue. Because the assessment reflects a greater fair market value, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
