

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Santimoy Banerjee
DOCKET NO.: 24-27223.001-R-1
PARCEL NO.: 08-24-105-013-0000

The parties of record before the Property Tax Appeal Board are Santimoy Banerjee, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,064
IMPR.: \$27,936
TOTAL: \$36,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,406 square feet of living area. The dwelling is approximately 60 years old. The home features a basement, central air conditioning, a fireplace and a 2-car garage. The property has an 8,960 square foot site and is located in Des Plaines, Elk Grove Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the subject's assessment neighborhood and from 3.2 to 3.5 miles from the subject property. The comparables consist of class 2-78, "Two or more story" dwellings of frame or frame and masonry exterior construction ranging in size from 2,359 to 2,745 square feet of living

area. The dwellings are from 54 to 58 years old. Each comparable has a basement, central air conditioning, a fireplace and either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$21,580 to \$30,652 or from \$9.15 to \$11.17 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$36,000. The subject property has an improvement assessment of \$27,936 or \$11.61 per square foot of living area. The board of review did not provide any comparables in support of the subject's assessment. The board of review indicated the "Docket previously withdrawn by attorney," but did not provide any documentary evidence in support of this statement.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Initially, the Board finds the board of review's statement to be without merit that the appellant's attorney had previously withdrawn their appeal. The board of review did not provide any supportive documentary evidence to support its statement, and there is no other documentation within the Property Tax Appeal Board's record concerning the withdrawal of the appellant's appeal.

The Board finds the only evidence of assessment equity to be the four equity comparables submitted by the appellant. The Board finds the appellant's comparables are located more than 3 miles from the subject and are relatively similar to the subject in age, dwelling size, and some features. These four comparables have improvement assessments ranging from \$21,580 to \$30,652 or from \$9.15 to \$11.17 per square foot of living area. The subject's improvement assessment of \$27,936 or \$11.61 per square foot of living area falls within the range established by the appellant's comparables on an overall basis and above the range on a per square foot basis. Based on this record and after considering the adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
