

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ronald Little
DOCKET NO.: 24-27237.001-R-1
PARCEL NO.: 08-11-211-017-0000

The parties of record before the Property Tax Appeal Board are Ronald Little, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,800
IMPR.: \$29,674
TOTAL: \$37,474

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 1,618 square feet of living area. The dwelling is approximately 74 years old. Features of the home include a full basement with finished area,¹ 2½ bathrooms, a fireplace and a 1-car garage. The property has a 7,800 square foot site and is located in Mount Prospect, Elk Grove Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the subject's assessment neighborhood and within 0.80 of a mile from the subject. The comparables are improved with class 2-03, 1-story dwellings of masonry exterior

¹ The board of review disclosed the subject's basement has a finished area, which was unrefuted by the appellant.

construction ranging in size from 1,582 to 1,626 square feet of living area. The dwellings are 66 to 77 years old. The dwellings have full basements with "N/A" disclosed for the finished area. Each comparable has 1 full bathroom and a 1-car garage. Three comparables have 1 or 2 half bathrooms, and one comparable has 2 fireplaces. The comparables have improvement assessments ranging from \$25,280 to \$27,232 or from \$15.98 to \$16.81 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$26,810 or \$16.57 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$37,474. The subject property has an improvement assessment of \$29,674 or \$18.34 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three comparables located within the subject's assessment neighborhood and within the subject's block or approximately $\frac{1}{4}$ of a mile from the subject. The comparables are improved with class 2-03, 1.5-story dwellings of masonry exterior construction ranging in size from 1,350 to 1,745 square feet of living area. The comparables are 76 to 78 years old. Each comparable has a full basement with one having finished area, 1 or 2 full bathrooms, central air conditioning and either a 1-car or a 2-car garage. One comparable has 1 half bathroom and a fireplace. The comparables have improvement assessments ranging from \$27,200 to \$32,200 or from \$18.45 to \$20.53 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparables for the Board's consideration, all of which are relatively similar to the subject in location, dwelling size and age, but have varying degrees of similarity in other features. The parties' eight comparables have improvement assessments ranging from \$25,280 to \$32,200 or from \$15.98 to \$20.15 per square foot of living area. The subject's improvement assessment of \$29,674 or \$18.34 per square foot of living area falls within the range established by all the comparables in the record. Based on this record and after considering adjustments to both parties' comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
