

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gabriella Cyranski
DOCKET NO.: 24-27281.001-R-1
PARCEL NO.: 17-07-220-004-0000

The parties of record before the Property Tax Appeal Board are Gabriella Cyranski, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,365
IMPR.: \$59,635
TOTAL: \$73,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,246 square feet of living area. The dwelling is approximately 25 years old. Features of the property include a partial basement with finished area, central air conditioning and a 2-car garage. The property has a 1,794 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparables located within the subject's assessment neighborhood and within 0.70 of a mile from the subject property. The comparables are improved with class 2-95 dwellings of masonry exterior construction containing 2,098 or 2,185 square feet of living area and are each 25 years old. Each

comparable has a concrete slab foundation, central air conditioning, a fireplace, and a 2-car garage. The comparables have improvement assessments that range from \$53,302 to \$54,642 or from \$25.01 to \$25.64 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$57,093 or \$25.42 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$73,000. The subject property has an improvement assessment of \$59,635 or \$26.55 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood and within 0.25 of a mile from the subject. The comparables are improved with class 2-95 dwellings of masonry exterior construction containing 1,987 or 1,920 square feet of living area and are each 26 or 27 years old. Comparable #1 has a partial basement with finished area, and three comparables each have a concrete slab foundation. Each comparable has central air conditioning and a 2-car garage. One comparable has a fireplace. The comparables have improvement assessments that range from \$59,851 to \$60,600 or from \$30.12 to \$31.56 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables to the Board for consideration, all of which have varying degrees of similarity to the subject in location, age, dwelling size, and some features. However, the Board finds all of the comparables, excluding the board of review's comparable #1, have a concrete slab foundation in contrast to the subject's partial basement with finished area. Nevertheless, the parties' eight comparables have improvement assessments ranging from \$53,302 to \$60,600 or from \$25.01 to \$31.56 per square foot of living area. The subject's improvement assessment of \$59,635 or \$26.55 per square foot of living area falls within the range established by the comparables in the record. Furthermore, the subject's assessment falls below the assessment of the board of review's comparable #1 which is the only comparable in the record that has a partial basement with finished area, like the subject. Based on the evidence in this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
