

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Heather Morris  
DOCKET NO.: 24-27284.001-R-1  
PARCEL NO.: 17-07-120-027-0000

The parties of record before the Property Tax Appeal Board are Heather Morris, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$16,763  
**IMPR.:** \$73,238  
**TOTAL:** \$90,001

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame exterior construction with 1,937 square feet of living area. The dwelling is approximately 13 years old. Features of the home include a full basement with finished area,<sup>1</sup> 2½ bathrooms, central air conditioning, and a 2-car garage. The property has a 2,250 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparables located within the subject's assessment neighborhood and from 0.40 of a mile to 1.4 miles from

<sup>1</sup> The Board finds the subject's basement has a finished area as disclosed by the board of review, which was unrefuted by appellant.

the subject. The comparables consist of class 2-07, 2-story dwellings of frame or frame and masonry exterior construction ranging in size 1,653 or 1,976 square feet of living area. The homes are 13 to 49 years old. Each comparable has a basement, 2½ or 3½ bathrooms, central air conditioning, and a 2-car garage. The comparables have improvement assessments ranging from \$55,209 to \$66,014 or from \$33.25 to \$33.54 per square foot of living area. Based on this evidence the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$90,001. The subject property has an improvement assessment of \$73,238 or \$37.81 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the subject's assessment neighborhood and within the subject's subarea or approximately ¼ of a mile from the subject. The comparables consist of class 2-07, 2-story dwellings of frame exterior construction ranging in size from 1,842 to 1,971 square feet of living area. The homes are 9 to 12 years old. Each comparable has a basement with finished area, 2½ or 3½ bathrooms, central air conditioning, and from a 1.5-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$73,688 to \$77,032 or from \$38.02 to \$41.82 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Adm.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Adm.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2, #3 and #4 due to differences in their age or dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and the board of review's comparables which are overall most to the subject in design, age, dwelling size, and most features. These five comparables have improvement assessments ranging from \$58,120 to \$77,032 or from \$33.25 to \$41.82 per square foot of living area. The subject's improvement assessment of \$73,238 or \$37.81 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
