FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Eliana Amara
DOCKET NO.: 24-27413.001-R-1
PARCEL NO.: 13-36-328-040-0000

The parties of record before the Property Tax Appeal Board are Eliana Amara, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$15,243
IMPR.:	$75,252
TOTAL:	$90,495

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,147 square feet of living area. The dwelling is approximately 11 years old. The home features a full basement with finished area, 3½ bathrooms, central air conditioning, a fireplace and a 2-car garage. The property has a 2,722 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparables located within the subject's assessment neighborhood and within 0.50 of a mile from the subject property. The comparables consist of class 2-78, 2-story dwellings of frame exterior construction ranging in size from 2,172 to 2,368 square feet of living area. The dwellings are

from 7 to 16 years old. Each comparable has a full basement, 2½ or 3½ bathrooms, central air conditioning, and a 2-car garage. Two comparables each have a fireplace. The comparables have improvement assessments that range from $75,080 to $77,640 or from $32.79 to $34.57 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to $72,461 or $33.75 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $90,495. The subject property has an improvement assessment of $75,252 or $35.05 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three comparables located within the subject's assessment neighborhood and within the subject's block or approximately 0.25 of a mile from the subject. The comparables consist of class 2-78, 2-story dwellings of frame exterior construction containing either 2,147 or 2,239 square feet of living area. The dwellings are from 7 to 11 years old. Each comparable has a full basement with finished area, 3½ bathrooms, central air conditioning, a fireplace, and a 2-car garage. The comparables have improvement assessments that range from $77,292 to $80,941 or from $36.00 to $36.76 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparables for the Board's consideration. The Board finds all of the comparables are relatively similar, including the board of review's comparables that are identical or nearly identical, to the subject in location, design, age, dwelling size and most features. Nevertheless, both parties' comparables have improvement assessments ranging from $75,080 to $80,941 or from $32.79 to $36.76 per square foot of living area. The subject's improvement assessment of $75,252 or $35.05 per square foot of living area falls within the range established by the best comparables in the record and below the board of review's comparables #1 and #2. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
