

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sanjay Aul
DOCKET NO.: 24-27424.001-R-1
PARCEL NO.: 17-05-315-015-0000

The parties of record before the Property Tax Appeal Board are Sanjay Aul, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,653
IMPR.: \$47,780
TOTAL: \$71,433

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story multi-family building of masonry exterior construction with 2,520 square feet of gross building area. The building is approximately 123 years old. Features of the building include an unfinished full basement and 3 bathrooms. The property has a 3,175 square foot site located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-11, "two or more story" buildings of masonry exterior construction ranging in size from 2,604 to 2,691 square feet of gross building area and in age

from 118 to 133 years old. Each comparable has a full basement, one of which is finished with an apartment, and 2 or 2½ bathrooms. The comparables have improvement assessments ranging from \$37,719 to \$43,650 or from \$14.43 to \$16.22 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$38,733 or \$15.39 per square foot of gross building area.

The appellant submitted a copy of the Cook County Board of Review final decision disclosing the subject has a total assessment of \$71,433. The subject has an improvement assessment of \$47,780 or \$18.96 per square foot of gross building area.¹

The board of review submitted its "Board of Review Notes on Appeal." In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, two of which are located within the same neighborhood code as the subject. The comparables are improved with class 2-11, 3-story buildings of masonry exterior construction ranging in size from 2,439 to 2,769 square feet of gross building area and in age from 114 or 127 years old. Three comparables each have an unfinished full basement, and one comparable has a slab foundation. Each comparable has 3 bathrooms. Comparable #4 has a 2-car garage. The comparables have improvement assessments ranging from \$49,160 to \$54,494 or from \$19.17 to \$20.38 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #4 which has a basement apartment in relation to the subject's unfinished basement area. The Board also gives less weight to the board of review's comparables #2 and #4 which are located within a different assessment neighborhood than the subject and/or lack a basement foundation, unlike the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are overall most similar to the subject in location, age, building size, foundation type and most features. These five comparables have improvement assessments ranging from \$37,719 to \$51,550 or from \$14.43 to \$20.38 per square foot of gross building area. The subject property's improvement assessment of \$47,780 or \$18.96 per square foot of gross building area falls within

¹ The Board of Review's Notes on Appeal reports a total assessment for the subject property which disagrees with its Final Decision. The Board finds the best source for the subject's total assessment is the Cook County Board of Review Final Decision provided by the appellant.

the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
