

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Leonard Kosiba
DOCKET NO.: 24-27427.001-R-1
PARCEL NO.: 17-06-312-012-0000

The parties of record before the Property Tax Appeal Board are Leonard Kosiba, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$35,609
IMPR.: \$48,985
TOTAL: \$84,594

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of masonry exterior construction with 2,928 square feet of gross building area. The building is approximately 110 years old. Features include a full basement with an apartment. The property has a 4,093 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood and within 0.30 of a mile from the subject. The comparables are improved with class 2-11, 2-story multi-family buildings of masonry exterior construction ranging in size from 2,712 to 3,066 square feet of gross building area. The buildings are from 112 to 117 years old. Each comparable has a full unfinished basement,

central air conditioning, and a 2-car garage. The comparables have improvement assessments ranging from \$40,375 to \$46,113 or from \$14.71 to \$15.27 per square foot of gross building area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$43,949 or \$15.01 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$84,594. The subject property has an improvement assessment of \$48,985 or \$16.73 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within the subject's block or approximately 0.25 of a mile from the subject. The comparables are improved with class 2-11, 2-story multi-family buildings of masonry exterior construction ranging in size from 2,706 to 3,168 square feet of gross building area. The buildings are from 110 to 115 years old. Each comparable has a full basement, one of which is finished with an apartment, and either a 2-car or a 3-car garage. Comparable #1 has central air conditioning. The comparables have improvement assessments ranging from \$48,391 to \$54,385 or from \$16.85 to \$19.08 per square foot of gross building area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds all of the comparables are relatively similar to the subject in location, design, age, and building size with varying degrees of similarity to the subject in other features. Nevertheless, the Board gives less weight to the board of review's comparables #2, #3 and #4 which lack central air conditioning, unlike the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables and the board of review's comparable #1 which are overall most similar to the subject, design, age, building size and most features. These five comparables have improvement assessments ranging from \$40,375 to \$49,872 or from \$14.71 to \$18.43 per square foot of gross building area. The subject's improvement assessment of \$48,985 or \$16.73 per square foot of gross building area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
