

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Yi
DOCKET NO.: 24-27477.001-R-1
PARCEL NO.: 14-31-124-007-0000

The parties of record before the Property Tax Appeal Board are John Yi, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$25,369
IMPR.: \$88,631
TOTAL: \$114,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story mixed-use building of masonry exterior construction containing 5,856 square feet of building area. The building is approximately 131 years old. Features of the building include a partial unfinished basement.¹ The property has an approximately 2,916 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-12, 3-story mixed-use buildings of masonry exterior

¹ The Board finds the best description of the subject was provided by the board of review, that was not refuted by the appellant.

construction that range in size from 4,488 to 6,000 square feet of building area. The buildings range in age from 92 to 131 years old. Each comparable has a full basement, one finished with an apartment. Three comparables each have either a 1.5-car or 2-car garage. The comparables have improvement assessments that range from \$52,871 to \$79,378 or from \$11.67 to \$14.19 per square foot of building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$114,000. The subject property has an improvement assessment of \$88,631 or \$15.14 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-11, 3-story mixed-use buildings of masonry exterior construction that range in size from 5,448 to 5,760 square feet of building area. The buildings range in age from 112 to 134 years old. Three comparables each have a full or partial basement and one comparable has a slab foundation. Two comparables each have central air conditioning and two comparables each have either a 1-car or 1.5-car garage. The comparables have improvement assessments ranging from \$87,955 to \$102,503 or from \$15.27 to \$18.76 per square foot of building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested equity comparables for the Board's consideration. The Board has given less weight to appellant's comparables #1, #2 and #3 due to their differences from the subject in building size. The Board has given reduced weight to board of review comparable #1 due to its slab foundation when compared to the subjects basement.

The Board finds the best evidence of assessment equity to be appellant's comparables #4 and #5 as well as board of review comparables #2, #3 and #4. The Board finds that these comparables are most similar to the subject in class, building size, age, and some features. However, three comparables each have a garage, two comparables each have central air conditioning and one comparable has a finished basement, suggesting adjustments would be required to make these comparables more equivalent to the subject. Nevertheless, these most similar comparables have improvement assessments ranging from \$79,147 to \$99,120 or from \$13.23 to \$18.00 per square foot of building area. The subject's improvement assessment of \$88,631 or \$15.14 per square foot of building area falls within the range of the best comparables in this record. Based on this record

and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
