

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Elizabeth Wille
DOCKET NO.: 24-27491.001-R-1
PARCEL NO.: 17-07-219-048-0000

The parties of record before the Property Tax Appeal Board are Elizabeth Wille, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,055
IMPR.: \$66,945
TOTAL: \$83,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 1,743 square feet of living area. The dwelling is approximately 26 years old. Features include a basement, 1½ bathrooms, central air conditioning, and a two-car garage. The property has a 2,155 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject and from 0.30 to 0.80 of a mile from the subject. The comparables consist of class 2-07, two-story dwellings of frame exterior construction ranging in size 1,421 to 1,976 square feet of living area. The dwellings are

from 25 to 32 years old. Each comparable has a basement, 2 bathrooms, central air conditioning, and a two-car garage. One comparable has a fireplace. The comparables have improvement assessments ranging from \$41,422 to \$63,464 or from \$29.15 to \$33.26 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$54,434 or \$31.23 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$83,000. The subject property has an improvement assessment of \$66,945 or \$38.41 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code and street as the subject and within 0.25 of a mile from the subject. The comparables consist of class 2-07, two-story dwellings of frame exterior construction containing 1,684 or 1,726 square feet of living area. The dwellings are 26 or 28 years old. Each comparable has a basement with finished area, either 2½ or 3 bathrooms, central air conditioning, and a two-car garage. The comparables have improvement assessments ranging from \$69,508 to \$86,014 or from \$40.27 to \$49.83 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #1, #2 and #3 due to differences in their location or dwelling sizes when compared to the subject. The Board also gives less weight to the board of review's comparable #4 which appears to be an outlier relative to the other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and the board of review comparables #1, #2 and #3 which overall are most similar to the subject in location, age, dwelling size, and most features. The best comparables have improvement assessments ranging from \$63,464 to \$75,908 or from \$33.26 to \$43.98 per square foot of living area. The subject's improvement assessment of \$66,945 or \$38.41 per square foot of living area falls within the range of the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
