

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeffrey Mathison
DOCKET NO.: 24-27508.001-R-1
PARCEL NO.: 17-20-233-020-0000

The parties of record before the Property Tax Appeal Board are Jeffrey Mathison, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,771
IMPR.: \$67,229
TOTAL: \$79,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story townhome of masonry exterior construction with 2,703 square feet of living area. The dwelling was built in 2002 and is approximately 22 years old. Features include a slab foundation, central air conditioning, one fireplace, and a 2-car garage. The property has a 2,102 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located within the subject's assessment neighborhood. The properties have parcels ranging from 2,277 to 3,255 square feet of land area. The comparables are improved with class 2-95 townhomes of masonry exterior construction with each having 2,884 square feet of living area. The dwellings are each 21 years

old. The comparables each have a slab foundation, central air conditioning, one fireplace, and a 2-car garage. The comparables sold from April 2021 to August 2023 for prices ranging from \$793,000 to \$810,000 or from \$274.97 to \$280.86 per square foot of living area, land included. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$79,000. The subject's assessment reflects a market value of \$790,000 or \$292.27 per square foot of living area, land included, when applying the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on four comparable sales located within the subject's assessment neighborhood. The properties have parcels that range from 1,601 to 3,411 square feet of land area. The comparables are improved with class 2-95 townhomes of masonry exterior construction ranging in size from 2,302 to 2,884 square feet of living area. The dwellings are 20 to 36 years old. Each comparable has a slab foundation, central air conditioning, and a 2-car garage. Three comparables each have one fireplace. The comparables sold from July 2022 to July 2024 for prices ranging from \$675,000 to \$995,000 or from \$293.22 to \$359.60 per square foot of living area, land included. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3, and #4, as well as board of review comparables #2, which had sales occurring in 2021 and 2022, less proximate to the subject's January 1, 2024 assessment date at issue than the other sales in this record. The Board also gives less weight to board of review comparables #3 and #4 which differ substantially from the subject in age or dwelling size.

The Board finds the best evidence of market value to be the appellant's comparable sale #2 and board of review comparable sale #1. These two comparables sold proximate to the subject's 2024 lien date and are similar to the subject in location, classification, age, dwelling size, and other features. The comparables sold for prices of \$800,000 and \$995,000 or \$277.39 and \$345.01 per square foot of living area, land included, respectively. The subject's assessment reflects a market value of \$790,000 or \$292.27 per square foot of living area, land included, which falls below the two best comparable sales in this record on an overall value basis and is bracketed by them on a per square foot basis. Based on the market value evidence in this record and after considering adjustments to the two best comparables for differences from the subject, the Board finds a reduction in the subject's assessment based on overvaluation is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
