

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Zippora Vardy
DOCKET NO.: 24-27631.001-R-1
PARCEL NO.: 13-36-229-027-0000

The parties of record before the Property Tax Appeal Board are Zippora Vardy, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,600
IMPR.: \$67,334
TOTAL: \$86,934

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of masonry exterior construction with 3,872 square feet of gross building area. The building was built in 1928 and is approximately 96 years old. The building features a slab foundation. The property has a 3,500 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood and from 0.6 of a mile to 1.2 miles from the subject property. The comparables are improved with class 2-11 multi-family buildings of masonry exterior construction ranging in size from 3,714 to 4,086 square feet of

gross building area. The buildings are 111 to 140 years old. Each comparable has a full basement and a 2-car garage. The comparables have improvement assessments ranging from \$56,500 to \$65,000 or from \$15.21 to \$16.11 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$86,934. The subject property has an improvement assessment of \$67,334 or \$17.39 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and on the same block or ¼ of a mile from the subject property. The comparables are improved with 2-story or 3-story, class 2-11 multi-family buildings of frame or masonry exterior construction ranging in size from 3,608 to 3,979 square feet of gross building area. The buildings are 112 to 135 years old. Three comparables each have a full basement and one comparable has a slab foundation. Three comparables each have central air conditioning. Three comparables each have a 2-car or a 3.5-car garage. The comparables have improvement assessments ranging from \$66,680 to \$80,480 or from \$18.33 to \$21.26 per square foot of gross building area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board finds none of the parties' comparables to be truly similar to the subject due to varying degrees of similarity to the subject in location, basement foundation, central air conditioning, and/or garage amenity. Nevertheless, the Board gives less weight to the appellant's comparables which are located less proximate to the subject than the comparables presented by the board of review comparables. The board of review comparables have improvement assessments ranging from \$66,680 to \$80,480 or from \$18.33 to \$21.26 per square foot of gross building area. The subject's improvement assessment of \$67,334 or \$17.39 per square foot of gross building area falls within the range established by the best comparables in this record on an overall basis and below the range on a per square foot basis.. After considering the necessary adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
