

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 1637 W. Grand LLC
DOCKET NO.: 24-27634.001-R-1
PARCEL NO.: 17-07-228-009-0000

The parties of record before the Property Tax Appeal Board are 1637 W. Grand LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,880
IMPR.: \$68,150
TOTAL: \$86,030

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story, mixed-use building of masonry exterior construction with 4,700 square feet of building area. The building was built in 1889 and is approximately 135 years old. Features include a slab foundation, 8½ bathrooms, and central air conditioning. The property has a 2,400 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with two or more story, class 2-12 mixed-use buildings of masonry exterior construction ranging in size from 4,176 to 5,376 square feet of building area. The comparables

are 78 to 143 years old. Each comparable has a slab foundation, from 2 to 4 bathrooms, and central air conditioning. One comparable has a 2-car garage. Two comparables each have an additional half bathroom. The comparables have improvement assessments ranging from \$48,621 to \$68,008 or from \$11.13 to \$13.57 per square foot of building area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$59,643.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$86,030. The subject property has an improvement assessment of \$68,150 or \$14.50 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the subject's assessment neighborhood. The comparables are improved with three-story, class 2-12 mixed-use buildings of masonry exterior construction ranging in size from 4,104 to 5,025 square feet of building area. The comparables are 131 to 134 years old. Each comparable has a full or partial basement and 3½ bathrooms. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$65,857 to \$76,720 or from \$14.57 to \$18.69 per square foot of building area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #2 and #3, as well as the board of review comparables, due to differences when compared to the subject in age, dwelling size, foundation type, central air conditioning, and/or garage amenity.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #4 which are overall more similar to the subject in location, age, and building size with varying degrees of similarity in bathroom count and other features. These comparables have improvement assessments of \$65,120 and \$68,008 or \$12.65 and \$13.57 per square foot of building area, respectively. The subject's improvement assessment of \$68,150 or \$14.50 per square foot of building area falls slightly above the two best comparables in this record and appears to be logical considering its substantially larger bathroom count when compared to the two best comparables. After considering appropriate adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
