

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: NML, LLC
DOCKET NO.: 24-27685.001-R-1
PARCEL NO.: 16-02-228-016-0000

The parties of record before the Property Tax Appeal Board are NML, LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,650
IMPR.: \$39,206
TOTAL: \$43,856

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 2,612 square feet of gross building area. The building was built in 1900 and is approximately 124 years old. The building features a full basement with finished area, 3 bathrooms, and a 2-car garage. The property has a 3,100 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,352 to 2,708 square feet of gross building area. The buildings are 106 to 121 years old.

Each comparable has a full basement, 3 bathrooms, and a 2-car garage. The comparables have improvement assessments ranging from \$35,350 to \$40,350 or from \$14.90 to \$15.11 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$39,206.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$47,000. The subject property has an improvement assessment of \$42,350 or \$16.21 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,418 to 2,622 square feet of gross building area. The buildings are either 115 or 116 years old. Each comparable has a full basement, two of which have finished area, and from 2 to 3 bathrooms. One comparable has central air conditioning. Two comparables each have a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$40,735 to \$44,350 or from \$16.26 to \$18.34 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to board of review comparables #1, #2, and #3 which feature central air conditioning, unlike the subject, or lack a garage amenity, which the subject features.

The Board finds the best evidence of assessment equity to be the appellant's comparables and board of review comparable #4 which are overall most similar to the subject in neighborhood code, classification, age, dwelling size, and other features. The parties' comparables have improvement assessments ranging from \$35,350 to \$40,735 or from \$14.90 to \$16.35 per square foot of gross building area. The subject's improvement assessment of \$42,350 or \$16.21 per square foot of gross building area falls above the range established by the comparables in this record on an overall improvement assessment basis and within the range on a per square foot basis. However, after considering the necessary adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
