

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Pflueger
DOCKET NO.: 24-27687.001-R-1
PARCEL NO.: 16-12-209-036-0000

The parties of record before the Property Tax Appeal Board are Michael Pflueger, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,975
IMPR.: \$41,025
TOTAL: \$47,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story townhome of masonry exterior construction with 1,520 square feet of living area. The dwelling was built in 1999 and is approximately 25 years old. Features include a crawl space foundation, central air conditioning, one fireplace, and a 1-car garage. The property has an 802 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood and from 0.2 of a mile to 2.6 miles from the subject property. The comparables are improved with class 2-95 townhomes of masonry or frame and masonry exterior construction ranging in size from 1,392 to 1,960 square

feet of living area. The comparables are 26 to 31 years old. Each comparable has a slab foundation and central air conditioning. Three comparables each have one fireplace and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$33,602 to \$43,470 or from \$21.94 to \$24.88 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$47,000. The subject property has an improvement assessment of \$41,025 or \$26.99 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and on the same block or ¼ of a mile from the subject property. The comparables are improved with class 2-95 townhomes of masonry or frame and masonry exterior construction ranging in size from 1,520 to 1,794 square feet of living area. The homes are 26 to 28 years old. Three comparables each have a full basement and one comparable has a crawl space foundation. Each comparable has central air conditioning, one fireplace, and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$41,405 to \$51,495 or from \$27.24 to \$30.17 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are substantially larger homes than the subject or are located over 2 miles from the subject property, less proximate than the other comparables in this record.

The Board finds the best evidence of assessment equity to be the board of review comparables which are overall more similar, if not identical, to the subject in location, classification, age, and dwelling size with varying degrees of similarity in foundation type and other features. The best comparables have improvement assessments ranging from \$41,405 to \$51,495 or from \$27.24 to \$30.17 per square foot of living area. The subject's improvement assessment of \$41,025 or \$26.99 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
