

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 1012 N Wolcott condominium Association
DOCKET NO.: 24-28680.001-R-1 through 24-28680.003-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are 1012 N Wolcott condominium Association, the appellant(s), by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
24-28680.001-R-1	17-06-414-055-1001	8,398	48,359	\$56,757
24-28680.002-R-1	17-06-414-055-1002	7,545	43,443	\$50,988
24-28680.003-R-1	17-06-414-055-1003	11,245	64,750	\$75,995

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of three approximately 26-year-old condominium dwellings with 6,000 total square feet of living area of masonry construction. Features of the home include a slab foundation and central air conditioning. The property has a 3,125 square foot site and is located in Chicago, West Chicago Township, Cook County. The subjects are classified as class 2-99 properties under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an incomplete set of information. The appellant filled out the customary Section V PTAB appeal grid, but in an incomplete manner. The appellant failed to state the size of living area for each unit appealed that would allow for a determination of the sale price per square foot. The appellant submitted nine comparables to be considered that are class 2-99

condominium units that are within 0.6 miles of the subject. These units are 900 to 2,000 square foot condominium units that sold between June 2022 and January 2024 and had sale prices per square foot between \$165.63 and \$415.00. The appellant is requesting a total assessment of all units of \$110,200.

In support of its contention of the correct assessment the board of review submitted a condominium analysis regarding recent sales in the three appealed units. Per the analysis, one unit sold in July 2021 for \$615,000. The board of review stated that based on this unit comprising 30.89 percent of all units means the entire building would be worth \$1,990,935, which would equal the determined assessed value. The board of review then determined the value of each subject unit based on its ownership percentage of the building. The board of review is requesting that the current assessment be confirmed based on this analysis.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be nothing submitted by either party. The board of review's condominium analysis is limited in that it only considers one sale of a unit from 2021, which is not the most relevant indicator of current value. The appellant fails to break down the square footage of living area of each unit so it can be compared to the submitted comparable sales. In the end, however, the burden is on the appellant, and the appellant did not meet that burden here. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
