

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Willie Conrad
DOCKET NO.: 24-29026.001-R-1
PARCEL NO.: 16-26-105-010-0000

The parties of record before the Property Tax Appeal Board are Willie Conrad, the appellant(s), by attorney Herbert B. Rosenberg, of RDM Law Group in Deerfield; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,681
IMPR.: \$16,319
TOTAL: \$22,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an approximately 114-year-old mixed-use commercial/residential building of masonry construction with 4,914 square feet of living area. Features of the home include a partial basement and 6.5 bathrooms. The property has a 3,918 square foot site and is located in Chicago, West Chicago Township, Cook County. The property is a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$220,000 as of January 1, 2024. The appraiser relied on a sales comparison approach and identified eight comparable properties. These properties are located near the subject in Chicago. The properties sold between January 2021 and August 2023 for sale prices between \$109,500 and \$290,000.

The properties have unit sale prices per square foot between \$36.40 and \$48.71. In the appraisal, the appraiser adjusted sale prices based on factors such as building size, but overall, the appraiser found the comparables were very similar to the subject. The appellant is requesting a total assessment of \$22,000.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$39,000. The subject's assessment reflects a market value of \$390,000 or \$79.37 per square foot of living area, including land. In support of its contention of the correct assessment the board of review submitted information on one comparable sale and four overall equity comparables. The board of review identified four comparable sales for properties located within the same "subarea" as the subject property. The sale is from February 2021 with a sale price of \$380,000 and has a sale price per square foot of \$90.91. The equity comparables have between 3,614 and 4,590 square feet of living area and have improvement assessments between \$7.24 and \$7.60 per square foot. The board of review is requesting that the current assessment be confirmed.

Conclusion of Law

The appellant contends that the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e); Winnebago County Bd. of Review v. Property Tax Appeal Bd., 313 Ill. App. 3d 1038, 1043 (2d Dist. 2000). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds that the best evidence of the subject's market value is the appraisal submitted by the appellant. That appraisal employed the sales comparison approach, relying upon sales of eight suggested comparable properties in Chicago described above. The appraiser adjusted these sales prices to account for differences between the subject and the comparables. In contrast, the board of review's evidence consists of unadjusted data from several sales.

Accordingly, the Board finds the subject property had a fair market value of \$220,000 as of the assessment date at issue. Because the assessment reflects a greater fair market value, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
