

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 1340 N. Bosworth LLC
DOCKET NO.: 24-29044.001-R-1
PARCEL NO.: 17-05-115-041-0000

The parties of record before the Property Tax Appeal Board (PTAB) are 1340 N. Bosworth LLC, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, PTAB hereby finds **No Change** in the Cook County Board of Review's assessment of the property is warranted. The correct assessed valuation of the property is:

LAND: \$24,674
IMPR.: \$81,980
TOTAL: \$106,654

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a Cook County Board of Review decision pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 4,470 square feet, two-story masonry building perched on a 3,312 square feet lot in Chicago, West Chicago Township, Cook County. The 128-year-old, class 2-11 property per the Cook County Real Property Assessment Classification Ordinance included six bathrooms, a full basement, air conditioning, and a two-car garage. The appellant elected to forego a hearing on the petition.

The appellant contends assessment inequity as the basis of the appeal, arguing that the assessment should be reduced to \$14.65 per improvement square foot. To show that the subject assessment is not uniform, the appellant proposed five class 2-11 properties in the subject's neighborhood as equity comparables. These suggested comparators had three or four bathrooms, a two-car garage or no garage, air conditioning in properties #3 and #4, and a full basement. The appellant's

selections further ranged between 93 and 141 years in building age; 4,114 and 4,294 in living square footage; and \$13.66 and \$15.07 per improvement square foot in assessment.

The board of review responded that the subject improvement was fairly assessed at \$81,980, or \$18.34 per living square foot in its “Notes on Appeal.” In defense of the \$106,654 total subject assessment, the county board of review offered information about four masonry properties within a quarter mile of the subject as assessment benchmarks. The board of review’s preferred comparables all featured three to six bathrooms, air conditioning in property #1 only, and a full basement or slab foundation. These improvements were 126 to 137 years old; 3,969 to 4,678 square feet in area; and \$18.51 to \$20.59 per living square foot in assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. The Illinois Constitution requires real estate taxes “be levied uniformly by valuation ascertained as the General Assembly shall provide by law.” Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not mandate absolute equality in taxation, however; instead, a reasonable degree of uniformity in the taxing authority’s assessments suffices. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When a property tax appeal is based on unequal treatment in the assessment, appellants must prove assessment inequity by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof required for a criminal conviction. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation for the year in question of similarly situated properties of compelling proximity to, and with a lack of distinguishing characteristics from, the subject property. 86 Ill.Admin.Code §1910.65(b). The Property Tax Appeal Board (PTAB) finds the appellant did not satisfy this burden of proof.

Of the parties’ submissions, only board of review comparable #1 remotely approached the subject property’s attributes and therefore may serve as assessment equity evidence. Board of review comparable #1 featured a larger improvement to mitigate its lower bathroom capability and lack of a garage relative to the subject. Meanwhile, the remaining board of review comparables lacked too much of the subject’s living area and air conditioning value, and the appellant comparables likewise varied too widely in living square footage and amenities. Accordingly, because the record does not prove that the subject was inequitably assessed, PTAB finds the appellant did not produce the requisite evidence to justify a reduction in the subject assessment.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
