

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 2119 Corporation BLDG
DOCKET NO.: 24-29130.001-R-1
PARCEL NO.: 17-06-104-019-0000

The parties of record before the Property Tax Appeal Board (PTAB) are 2119 Corporation BLDG, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, PTAB hereby finds **No Change** in the Cook County Board of Review's assessment of the property is warranted. The correct assessed valuation of the property is:

LAND: \$32,636
IMPR.: \$123,813
TOTAL: \$156,449

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a Cook County Board of Review decision pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) contesting the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

A 7,003 square feet, three-story masonry structure perched on a 3,280 square feet lot in Chicago, West Chicago Township, Cook County constitutes the subject property. The 95-year-old, class 2-12 residence per the Cook County Real Property Assessment Classification Ordinance included at least six bathrooms, no air conditioning, and a full basement.¹

The appellant contends assessment inequity as the basis of the petition, arguing that the subject assessment must be lowered to \$13.90 per improvement square foot to be equitable. To show subject assessment nonuniformity, the appellant presented information on five class 2-12 buildings of unknown distance from the subject property. These suggested comparables each included no

garage or a two-car garage; air conditioning in properties #1, #2, and #4; a full basement; and two to six bathrooms. The appellant's selections spanned 106 to 133 years in building age; 4,200 to 10,338 square feet in improvement area; and \$13.89 to \$17.10 per living square foot in improvement assessment. The appellant elected to forego a hearing on the petition.

The county board of review maintained in its "Notes on Appeal" that the subject improvement was fairly assessed at \$123,813, or \$17.68 per living square foot. In defense of the \$156,449 total subject assessment, the board of review introduced into evidence four masonry buildings in the subject's subarea as equity comparables. The county board of review's selections featured a partial basement, 4.5 to six bathrooms, no air conditioning, and no garage. These improvements were 109 to 150 years old; 6,160 to 7,008 square feet in area; and \$17.74 to \$25.00 per living square foot in assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. The Illinois Constitution requires that real estate taxes "be levied uniformly by valuation ascertained as the General Assembly shall provide by law." Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not mandate absolute equality in taxation, however; instead, a reasonable degree of uniformity in the taxing authority's assessments suffices. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When a property tax appeal is based on unequal treatment in the assessment, appellants must prove the inequity of the assessments by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof required for a criminal conviction. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation for the year in question of demonstrably similar properties with compelling proximity to, and a lack of distinguishing characteristics from, the subject property. 86 Ill.Admin.Code §1910.65(b). The Property Tax Appeal Board (PTAB) finds the appellant fell short of satisfying this burden of proof.

Of the parties' submissions, board of review comparables #2 and #3 and appellant comparable #5 best represented the subject and therefore serve as assessment equity benchmarks. Board of review comparables #2 and #3 were nearly identical to the subject in living area, though both lacked the subject's garage. Meanwhile, appellant comparable #5 contained more living square feet than the subject but had fewer bathrooms and no garage. Given this evidence, the subject improvement would be equitably assessed between \$17.10 and \$25.00 per living square foot. Because the subject's \$17.68 per improvement square foot assessment falls within this range, PTAB concludes the appellant failed to show by clear and convincing evidence that the subject assessment was inequitable or that a reduction thereof is merited.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
