

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Laura Dubish
DOCKET NO.: 24-29198.001-R-1
PARCEL NO.: 17-06-201-018-0000

The parties of record before the Property Tax Appeal Board are Laura Dubish, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$31,094
IMPR.: \$37,342
TOTAL: \$68,436

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 1,512 square feet of gross building area. The building was built in 1891 and is approximately 133 years old. Features include a full basement and a 1-car garage. The property has a 3,125 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within the subject's assessment neighborhood. The comparables are improved with two or more story, class 2-11 multi-family buildings of frame or masonry exterior construction ranging in size from 1,440 to 1,680 square feet of gross building area. The

buildings are 128 to 135 years old. Two comparables each have a full basement and one comparable has a slab foundation. One comparable has a 2-car garage. The comparables have improvement assessments ranging from \$33,120 to \$39,794 or from \$20.23 to \$23.80 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$68,436. The subject property has an improvement assessment of \$37,342 or \$24.70 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-11 multi-family buildings of frame, masonry, or frame and masonry exterior construction ranging in size from 1,440 to 1,724 square feet of gross building area. The buildings are 30 to 145 years old. Two comparables each have a full basement, one comparable has a crawl space foundation, and one comparable has a slab foundation. Three comparables each have central air conditioning. One comparable has one fireplace. Each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$37,522 to \$49,943 or from \$24.80 to \$31.47 per square foot of gross building area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1, as well as board of review comparables #1, #2 and #4, which lack a basement foundation, or differ substantially from the subject in age.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3, as well as board of review comparable #3, which are overall more similar to the subject in location, design/class, age, and gross building size with varying degrees of similarity in garage amenity and other features. The comparables have improvement assessments ranging from \$33,120 to \$38,275 or from \$20.23 to \$26.58 per square foot of gross building area. The subject's improvement assessment of \$37,342 or \$24.70 per square foot of gross building area falls within the range established by the best comparables in this record. After considering the necessary adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
