

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tammy Russo
DOCKET NO.: 24-29207.001-R-1
PARCEL NO.: 14-31-305-050-0000

The parties of record before the Property Tax Appeal Board are Tammy Russo, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,100
IMPR.: \$62,900
TOTAL: \$89,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story townhome of masonry exterior construction with 2,112 square feet of living area. The dwelling was built in 1993 and is approximately 31 years old. Features include a full basement, central air conditioning and a 2-car garage. The property has a 3,000 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-95 townhomes of masonry exterior construction ranging in size from 1,700 to 1,936 square feet of living area. The comparables are 20 to 26 years old.

Two comparables each have a slab foundation and two comparables each have a full basement. Each comparable has central air conditioning. Two comparables each have one fireplace and a 1-car garage. The comparables have improvement assessments ranging from \$45,011 to \$53,022 or from \$25.06 to \$27.39 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$89,000. The subject property has an improvement assessment of \$62,900 or \$29.78 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood. The comparables are improved with 2-story or 3-story townhomes of masonry exterior construction with either 2,181 or 2,406 square feet of living area. The homes are 25 or 27 years old. Each comparable has a full or partial basement, central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$78,646 to \$83,396 or from \$34.66 to \$36.32 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which lack a basement foundation or a garage amenity, both of which are features of the subject. The Board also gives less weight to board of review comparables #3 and #4 which have a dissimilar 3-story design, in contrast to the subject's 2-story design.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2 which are similar to the subject in location, design/class, age, and dwelling size with varying degrees of similarity in other features. Each of the two best comparables has an improvement assessment of \$83,396 or \$34.66 per square foot of living area. The subject's improvement assessment of \$62,900 or \$29.78 per square foot of living area falls below the two best comparables in this record. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
