

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mariza Santiago
DOCKET NO.: 24-29524.001-R-1
PARCEL NO.: 16-03-220-039-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Mariza Santiago, the appellant, by attorney Anthony DeFrenza, of the Law Office of DeFrenza & Mosconi PC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, PTAB hereby finds **No Change** in the Cook County Board of Review's assessment of the property is warranted. The correct assessed valuation of the property is:

LAND: \$5,022
IMPR.: \$37,832
TOTAL: \$42,854

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a Cook County Board of Review decision pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 4,688 square feet, two-story building of masonry construction perched on a 3,348 square feet lot in Chicago, West Chicago Township, Cook County. The 108-year-old, class 2-12 property per the Cook County Real Property Assessment Classification Ordinance included 5.5 bathrooms, a partial basement, no air conditioning, and no garage. The subject last sold in October 2021 for \$619,000. The appellant elected to forego a hearing.

The appellant contends assessment inequity as the basis of the appeal, arguing that the assessment should be reduced to \$7.00 per improvement square foot. To show that the subject assessment is not uniform, the appellant proposed five class 2-12 properties within 1.2 miles of the subject as equity comparables. These suggested comparators had 3.5 to 5.5 bathrooms, no garage or a 300-square-foot garage, no air conditioning, and a basement. The appellant's selections further ranged

between 93 and 121 years in building age; 4,304 and 4,980 in living square footage; and \$5.44 and \$7.55 per improvement square foot in assessment.

The board of review responded that the subject improvement was fairly assessed at \$37,832, or \$8.07 per living square foot in its “Notes on Appeal.” In defense of the \$42,854 total subject assessment, the county board of review offered information about four masonry properties on the subject’s block as assessment benchmarks. The board of review’s preferred comparables all featured five or 6.5 bathrooms, no air conditioning, and a full basement. These improvements were 101 or 112 years old; 5,062 to 5,095 square feet in area; and \$9.45 to \$10.06 per living square foot in assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. The Illinois Constitution requires real estate taxes “be levied uniformly by valuation ascertained as the General Assembly shall provide by law.” Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not mandate absolute equality in taxation, however; instead, a reasonable degree of uniformity in the taxing authority’s assessments suffices. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When a property tax appeal is based on unequal treatment in the assessment, appellants must prove assessment inequity by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof required for a criminal conviction. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation for the year in question of similarly situated properties of compelling proximity to, and with a lack of distinguishing characteristics from, the subject property. 86 Ill.Admin.Code §1910.65(b). The Property Tax Appeal Board (PTAB) finds the appellant did not satisfy this burden of proof.

In this record, board of review comparable #4 and appellant comparables #2 and #5 best represented the subject improvement and therefore constitute the best evidence of assessment equity. Board of review comparable #4 was the nearest of these comparators to the subject and was superior to the subject in terms of living and basement area and bathroom count. Appellant comparable #2 also featured more living area and otherwise matched the subject’s amenities, though it was a half mile away from the subject property. By contrast, appellant comparable #5 was marginally smaller than the subject improvement. Given this evidence, the subject improvement would be equitably assessed from \$7.26 to \$10.06 per living square foot. As the subject’s \$8.07 per improvement square foot assessment lands inside this range, PTAB finds the appellant did not produce the requisite evidence to justify a reduction in the subject assessment.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
