

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jerry S Gaudet
DOCKET NO.: 24-30019.001-R-1 through 24-30019.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Jerry S Gaudet, the appellant(s), by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
24-30019.001-R-1	14-31-420-042-0000	16,982	119,606	\$136,588
24-30019.002-R-1	14-31-420-051-0000	2,366	0	\$2,366

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property contains two Proper Index Numbers, or PINs. The appellant is only seeking a reduction as to the improvement assessment on PIN -042. The subject property consists of an approximately 9-year-old, three-story, single-family dwelling of masonry construction with 2,342 square feet of living area. Features of the home include three and a half bathrooms, a full basement, central air conditioning, and a two-car garage. The property has a 2,224 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a Class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant asserts assessment inequity as the basis of the appeal. Although the subject property is comprised of two Property Index Numbers, only one of the PINs has an improvement, 14-31-420-042-0000, and is the only PIN for which the appellant is seeking a reduction. Accordingly, that is the PIN for which the appellant submitted evidence in support of

an assessment reduction. The appellant submitted information on five equity comparables with varying degrees of similarity to the subject property. The suggested comparable properties ranged in size from 2,309 to 2,716 square feet of living area and ranged in age from 21 to 27 years old. The appellant reported that the suggested comparables each had the same neighborhood code as the subject property and were located 0.08 to 1.07 miles from the subject property. The appellant's suggested comparables had between one and a half bathrooms to three and a half bathrooms. The comparables each had a full basement, central air conditioning, and a two-car garage. The comparables have improvement assessments ranging from \$30.97 to \$36.05 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's total assessment to \$100,194.

The board of review submitted its "Board of Review Notes on Appeal" that also only contained evidence regarding PIN 14-31-420-042-000. The board of review disclosed the total assessment for that PIN alone was \$136,588, with an improvement assessment of \$119,606 or \$51.07 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with varying degrees of similarity to the subject property. The suggested comparable properties ranged in size from 2,160 to 2,616 square feet of living area and ranged in age from 3 to 14 years old. The board of review reported that three of the suggested comparables had the same neighborhood code as the subject property and were located in the subarea of the subject. One comparable had a different neighborhood code and its proximity to the subject was not provided. The suggested comparables had either three bathrooms and two half baths, or four and a half bathrooms. Each suggested comparable had a full or partial basement, central air conditioning, a fireplace, and a two-car garage. The comparables have improvement assessments ranging from \$53.56 to \$67.82 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds that the best evidence of assessment equity is the board of review comparables #2, #3, and #4 and appellant's suggested comparables #1, #2, and #5. Like the subject property, each of these comparables has a single-family dwelling of masonry construction with a basement, central air conditioning, and a two-car garage. The dwellings on these comparables are similar to the subject dwelling in age and living area size. These comparables are all in the same neighborhood as the subject property. In comparison, appellant's comparables #3 and #4 were afforded less weight than the best comparables because they had fewer bathrooms than the best comparables and the board of review comparable #1 was afforded less weight because it was from a different neighborhood and was of unknown proximity to the subject.

The best comparables have improvement assessments that range from \$30.97 to \$67.82 per square foot of living area. The subject's improvement assessment of \$51.07 per square foot of living area is within the range established by the best comparables in this record. After considering these comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board therefore finds that the appellant did not demonstrate with clear and convincing evidence that the subject was inequitably assessed, and a reduction in the subject's assessment on this basis is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.

DISSENTING: _____

CERTIFICATION

As Clerk of the Illinois Property Tax Appeal Board and the keeper of the Records thereof, I do hereby certify that the foregoing is a true, full and complete Final Administrative Decision of the Illinois Property Tax Appeal Board issued this date in the above entitled appeal, now of record in this said office.

Date: _____

October 20, 2026

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year or years of the same general assessment period, as provided in Sections 9-215 through 9-225, are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for such subsequent year or years directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR OR YEARS. A separate petition and evidence must be filed for each of the remaining years of the general assessment period.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
