FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: CHICAGO TITLE LAND TRUST #8002387165
DOCKET NO.: 24-30402.001-R-1
PARCEL NO.: 13-25-408-017-0000

The parties of record before the Property Tax Appeal Board are CHICAGO TITLE LAND TRUST #8002387165, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$19,530
IMPR.:	$43,811
TOTAL:	$63,341

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 1,428 square feet of living area. The dwelling is approximately 114 years old and has a full basement. The property has a 3,150 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three comparables, including property characteristics printouts that were used by the Board to verify or correct some of the data in the grid analysis. The properties are located within the subject's assessment neighborhood and 1.5 or 1.6 miles from the subject property. The comparables are improved with class 2-05, 2-story dwellings of masonry exterior construction ranging in size from 1,400 to

1,440 square feet of living area. The dwellings are 124 or 134 years old and have a partial or full basement. Two comparables have either a 1-car or a 1.5-car garage. The comparables have improvement assessments that range from $30,542 to $38,840 or from $21.82 to $26.97 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to $35,015 or $24.52 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $110,000. The subject property has an improvement assessment of $90,470 or $63.35 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within the subject's subarea or approximately ¼ of a mile from the subject property. The comparables are improved with class 2-05, 2-story or 3-story dwellings of frame or masonry exterior construction ranging in size from 1,863 to 2,166 square feet of living area. The dwellings are from 121 to 137 years old. Each comparable has a full basement, central air conditioning, and a 2-car garage. The comparables have improvement assessments that range from $61,311 to $75,918 or from $32.91 to $35.05 per square foot of living area. The board of review noted there were very limited comparables available. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains seven suggested equity comparables for the Board's consideration. The Board finds neither party submitted comparables truly similar to the subject due to the more distant locations of the appellant's comparables' and the larger dwelling sizes of the board of review's comparables. Additionally, six of the parties' comparables have a garage and the board of review's comparables each have central air conditioning, both of which are features the subject lacks, suggesting downward adjustments for these differences are needed in order to make them more equivalent to the subject. Nevertheless, all seven comparables have improvement assessments ranging from $30,542 to $75,918 or from $21.82 to $35.05 per square foot of living area. Excluding appellant's comparable #1 and board of review's comparable #1 which are at the low end and high end of the value range yields a tighter range from $24.77 to $34.55 per square foot of building area. The subject's improvement assessment of $90,470 or $63.35 per square foot of living area falls above the range established by both parties' comparables. After considering the differences between the subject and the comparables in the record and considering the adjustments to make the comparables more equivalent to the subject,

the Board finds the subject's improvement is excessive and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
