

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gilberto Ramirez
DOCKET NO.: 24-30820.001-R-1
PARCEL NO.: 16-29-131-004-0000

The parties of record before the Property Tax Appeal Board are Gilberto Ramirez, the appellant, by attorney George N. Reveliotis of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,347
IMPR.: \$21,204
TOTAL: \$25,551

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame and masonry exterior construction with 1,800 square feet of living area. The dwelling is approximately 105 years old. The home features a full basement with finished area, a fireplace and a 2-car garage. The property has a 3,780 square foot site and is located in Cicero, Cicero Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on eight equity comparables that have the same assessment neighborhood code as the subject and are located within .17 of a mile from the subject property, five of which are also along the same street as the subject. The comparables are class 2-03 properties that are improved with 1-story dwellings of

masonry, frame or stucco exterior construction ranging in size from 1,238 to 1,590 square feet of living area. The dwellings range in age from 101 to 108 years old. The comparables each have a full or partial basement, three of which have finished area and one comparable has central air conditioning. Each comparable has a fireplace and either a 1-car, a 1.5-car or a 2-car garage. The comparables have improvement assessments that range from \$13,653 to \$18,279 or from \$9.74 to \$12.17 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$19,620 or \$10.90 per square foot of living area.

The appellant also submitted the Cook County Board of Review decision issued on December 11, 2024 disclosing the board of review's final assessment for the subject property of \$25,551. The appellant reported in the appeal petition that the subject property has an improvement assessment of \$21,204 or \$11.78 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located approximately ¼ of a mile from the subject property, one of which is also along the same street as the subject. The comparables are class 2-03 properties that are improved with 1.5-story dwellings of frame and masonry exterior construction ranging in size from 1,718 to 1,799 square feet of living area. The dwellings range in age from 103 to 105 years old. The comparables each have a full basement with finished area, central air conditioning and a 2-car garage. The comparables have improvement assessments of \$21,653 and \$24,619 or from \$12.12 to \$13.68 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted twelve comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables due to their smaller dwelling sizes and dissimilar 1-story designs, when compared to the subject's 1.5-story design.

The Board finds the best evidence of assessment equity to be the four comparables submitted by the board of review, which are overall more similar to the subject in dwelling size, design and age. However, the Board finds the comparables have central air conditioning, unlike the subject, suggesting downward adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments of \$21,653 and \$24,619 or from \$12.12 to \$13.68 per square foot of living area. The subject's improvement

assessment of \$21,204 or \$11.78 per square foot of living area falls below the range established by the best comparables in the record both in terms of overall improvement assessment and on a per square foot of living area basis, which appears to be logical given the subject's lack of central air conditioning. After considering adjustments to the best comparables for differences from the subject, the Board finds the subject's improvement assessment is supported. Therefore, based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
