

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Piotr Wasik
DOCKET NO.: 24-30844.001-R-1
PARCEL NO.: 19-29-405-030-0000

The parties of record before the Property Tax Appeal Board are Piotr Wasik, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,506
IMPR.: \$21,539
TOTAL: \$25,045

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3,690 square-foot parcel of land improved with a 48-year-old, one-story, masonry, single-family dwelling, containing 1,104 square feet of living area. The property is located in Burbank, Stickney Township, Cook County and is a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of its overvaluation argument, the appellant submitted sales information on four comparable sales properties. The appellant's sales comparables sold between February 2022 and September 2024 for prices ranging from \$116.85 to \$208.33 per square foot of living area, including land. The comparable sales properties were single-family dwellings of either masonry or frame and masonry construction and contained between 1,026 and 1,104 square feet of living area.

The appellant also included a copy of the board of review's written decision reflecting a final assessment for the subject property of \$25,045. Based on this evidence, the appellant requested a reduction in the subject property's assessment to \$19,314.

The board of review submitted its "Board of Review Notes on Appeal" depicting a total assessed valuation for the subject property of \$25,046. The subject's assessment reflects a market value of \$260,000, or \$235.51 per square foot of living area, including land, when applying the level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted two comparable sales properties. Both of the comparable properties were improved with a one-story, single-family dwelling of masonry construction and contained 1,104 square feet of living area. They sold between March and June of 2022 for prices ranging from \$257.25 to \$307.88 per square foot of living area, including land. One comparable was located on the same block as the subject property and the other was located within a quarter mile from the subject property.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of market value to be *the appellant's comparable #3 and the board of review's comparables #1 and #2*. These comparables sold between March of 2022 and June of 2024 for prices ranging from \$167.57 to \$307.88 per square foot of living area, including land. They were most similar to the subject property in location, construction, and/or living area square footage. The subject's assessment reflects a market value of \$235.51 per square foot of living area, including land, which is *within* the range established by the best comparable sales in this record. Based on this evidence, the Board finds a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
