The parties of record before the Property Tax Appeal Board are Joe Castillo, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

| | |
|---|---|
| **LAND:** | $27,187 |
| **IMPR.:** | $62,138 |
| **TOTAL:** | $89,325 |

Subject only to the State multiplier as applicable.

## Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

## Findings of Fact

The subject property consists of a 3-story, multi-family building of masonry exterior construction with 3,483 square feet of gross building area. The building is approximately 135 years. Features of the building include a slab foundation, central air conditioning, and a 2-car garage. The property has a 3,125 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story or 3-story or higher, class 2-11 buildings of frame or masonry exterior construction ranging in size from 2,332 to 10,382 square feet of gross building area. The

buildings are from 118 to 134 years old. Three comparables each have a full basement, two of which are finished with an apartment, and one comparable has a slab foundation. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from $35,796 to $161,625 or from $15.35 to $17.06 per square foot of gross building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the Cook County Board of Review final decision for the 2024 tax year disclosing the total assessment for the subject property of $89,325. The subject property has an improvement assessment of $62,138 or $17.84 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the subject's assessment neighborhood. The comparables are improved with 3-story, class 2-11 buildings of masonry exterior construction ranging in size from 3,116 to 3,981 square feet of gross building area. The buildings are from 100 to 137 years old. Two comparables each have a full basement, one of which has finished area, and one comparable has a slab foundation. One comparable has central air conditioning. Each comparable has a 2-car garage. The comparables have improvement assessments ranging from $58,426 to $91,153 or from $18.75 to $28.48 per square foot of gross building area. Based on this evidence the board of review requested confirmation of the subject's assessment.

## Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Adm.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Adm.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3, and #4 due to substantial differences when compared to the subject in size. The Board finds the best evidence of assessment equity to be the appellant's comparable #2 and the board of review comparables which overall most similar to the subject in location, classification, age, and size with varying degrees of similarity in foundation type, garage amenity, central air conditioning, and other features. These comparables have improvement assessments ranging from $58,426 to $91,153 or from $16.96 to $28.48 per square foot of gross building area. The subject's improvement assessment of $62,138 or $17.84 per square foot of gross building area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
