

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joe Weissman
DOCKET NO.: 24-31241.001-R-1
PARCEL NO.: 17-07-114-043-0000

The parties of record before the Property Tax Appeal Board are Joe Weissman, the appellant(s), by attorney Max E. Callahan, of Siegel & Callahan, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,171
IMPR.: \$99,529
TOTAL: \$121,700

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 2,448 square feet of living area. The dwelling was approximately 9 years old. Features of the home include a full basement, central air conditioning, two fireplaces, and a two-car garage. The property has a 2,976 square foot site and is located in Chicago, West Chicago Township, Cook County. The property is a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$1,217,000 as of January 1, 2024. The appraisal was prepared by a certified general real estate appraiser who asserted that the highest and best use of the subject property as improved was its

present use. The appellant disclosed that this is an owner-occupied residence. The appraiser inspected the property on January 1, 2024, and used the sales comparison approach to valuation.

Under the sales comparison approach, the appraiser utilized three comparable sales properties which were located within a 0.62-mile radius of the subject. The comparable properties sites ranged in size from 2,208 to 3,025 square feet of land area and from 2,480 to 2,733 square feet of living area. The properties are each improved with a dwelling similar in use to the highest and best use of the subject, of brick construction, that were from 18 to 21 years old. The comparable properties sold from February 2023 to September 2023 for prices ranging from \$1,217,000 to \$1,235,000 or from \$451.88 to \$491.94 per square foot of living area, land include in the sales prices. The appraiser adjusted, if applicable, for sales concessions, porch/deck, room count, and gross living area. The appraiser concluded that based on the sales data and applying adjustments to the comparable sales for differences from the subject, the subject had a market value of \$1,217,000. Based on this evidence the appellant is seeking a reduction in the subject's assessment to reflect the appraisal.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$134,020. The subject's assessment reflects a market value of \$1,340,200 or \$547.47 per square foot of living area, including land, when applying the level of assessments for class two property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales properties which sold from February 2022 to June 2023 for sales prices from \$1,465,000 to \$1,580,000 or from \$584.83 to \$663.31 per square foot of living area, land included in the sales prices. These properties were located within the same subarea as the subject. The improvements were from 3 to 9 years old and were from 2,382 to 2,560 in square feet of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The Board finds the appellant submitted a credible appraisal report with reasonable and logical adjustments for differences from the subject. The comparable sales properties presented by the board of review lacked adjustments for significant differences when compared to the subject property. The subject's current assessment reflects a market value of \$1,340,200, which is higher than the appraised value of \$1,217,000. Based on the evidence presented, the Board finds the subject property is overvalued and a reduction commensurate with the appellant's request is warranted. Since market value has been established the level of assessment for class two

property under the Cook County Real Property Assessment Classification Ordinance shall apply.
(86 Ill.Admin.Code §1910.50(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
