FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: WPA, LLC
DOCKET NO.: 24-32161.001-R-1
PARCEL NO.: 17-06-127-046-0000

The parties of record before the Property Tax Appeal Board are WPA, LLC, the appellant, by attorney David R. Bass, of Field and Goldberg, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$24,954
IMPR.:	$105,861
TOTAL:	$130,815

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story mixed-use building of masonry exterior construction with 5,293 square feet of building area. The building is approximately 24 years old. Features of the building include a full basement,[1] and central air conditioning. The property has a 2,508 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within the subject's assessment neighborhood. The comparables are

improved with 3-story, class 2-12 mixed-use buildings of masonry exterior construction ranging in size from 3,888 to 6,357 square feet of building area. The buildings are from 108 to 131 years old and feature full basements. The comparables have improvement assessments that range from $71,538 to $117,906 or from $18.25 to $18.55 per square foot of building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the Cook County Board of Review final decision for the 2024 tax year disclosing the total assessment for the subject property of $130,815. The subject property has an improvement assessment of $105,861 or $20.00 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the subject's assessment neighborhood. The comparables are improved with 3-story, class 2-12 mixed-use buildings of masonry exterior construction ranging in size from 4,879 to 5,850 square feet of building area. The buildings are from 6 to 134 years old. Two comparables each have a full or partial basement and one comparable has a slab foundation. Each comparable has central air conditioning. Two comparables each have a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from $104,851 to $133,831 or from $19.28 to $27.43 per square foot of building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six comparable properties for the Board's consideration with varying degrees of similarity to the subject in age, size, and/or other features. The Board finds none of the parties' comparables to be truly similar to the subject. However, the Board gives less weight to the appellant's comparables which are less similar to the subject in size than the other comparables in this record. The Board finds the board of review comparables to be similar to the subject in location, design/class, and dwelling size with varying degrees of similarity to the subject in age and other features. The board of review comparables have improvement assessments that range from $104,851 to $133,831 or from $19.28 to $27.43 per square foot of building area. The subject's improvement assessment of $105,861 or $20.00 per square foot of building area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
