

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sergio Zambrano
DOCKET NO.: 24-32167.001-R-1
PARCEL NO.: 16-32-405-019-0000

The parties of record before the Property Tax Appeal Board are Sergio Zambrano, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,063
IMPR.: \$16,937
TOTAL: \$21,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 1,403 square feet of living area. The dwelling is approximately 81 years old. Features of the home include a basement and a 1½-car garage. The property has an approximately 3,780 square foot site and is located in Cicero, Cicero Township, Cook County. The subject is classified as a class 2-10 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-10 dwellings of masonry exterior construction ranging in size from 1,284 to 1,512 square feet of living area. The homes range in age from 80 to 82 years old. Each comparable has a basement and a 1-car or 2-car garage. The comparables have

improvement assessments ranging from \$14,937 to \$16,937 or from \$11.20 to \$12.00 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$15,713 or \$11.20 per square foot of living area.

The board of review submitted two "Board of Review Notes on Appeal". The appellant submitted a copy of the Cook County Board of Review final decision disclosing the total assessment for the subject of \$21,355. The subject property has an improvement assessment of \$17,292 or \$12.33 per square foot of living area. In support of its contention of the correct assessment the board of review submitted two grids with information on seven equity comparables with five located in the same assessment neighborhood code as the subject property and two located outside the subject's assessment neighborhood code. The comparables are improved with 2-story class 2-10 dwellings of frame and masonry or masonry exterior construction ranging in size from 1,152 to 1,248 square feet of living area. The homes range in age from 70 to 81 years old. Each comparable has a basement, with two having finished area, and a 2-car garage. Five comparables have central air conditioning. The comparables have improvement assessments ranging from \$15,516 to \$18,359 or from \$12.72 to \$15.94 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eleven equity comparables for the Board's consideration. The Board gives less weight to the board of review's comparables #1, #2 and #3 in the first grid which are less similar to the subject in location and/or have a finished basement unlike the subject. The Board gives less weight to the appellant's comparables #2 and #4 along with the board of review's comparables in the second grid which are less similar to the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3 which are more similar to the subject in location, age, design, dwelling size and most features. However, the best comparables present varying degrees of similarity to the subject in garage capacity and presence of central air conditioning, suggesting adjustments are needed to make the comparables more equivalent to the subject. These two comparables have improvement assessments of \$16,937 or \$11.20 and \$11.83 per square foot of living area. The subject's improvement assessment of \$17,292 or \$12.33 per square foot of living area falls above the two best comparables in this record. After considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
