FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Collin Johnson & Lauren Meyer
DOCKET NO.: 24-32176.001-R-1
PARCEL NO.: 17-20-403-058-1001

The parties of record before the Property Tax Appeal Board are Collin Johnson & Lauren Meyer, the appellant(s), by attorney Nicholas T. McIntyre, of Much Shelist, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***A Reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$5,578
IMPR.:	$40,922
TOTAL:	$46,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a condominium unit in a seventeen-year-old complex of six units. The property has a 6,030 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance. The appellant disclosed that this is an owner-occupied residence.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on May 3, 2021, for a price of $465,000. The appellant submitted Section IV – Recent Sale Data – of the residential appeal form asserting that the property was not transferred between family members or related corporations, was sold using a realtor, was advertised for sale on the multiple listing services for one month, was not sold due to a foreclosure action, and was not sold using a contract for deed.

The appellant submitted a settlement statement. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $57,333. The subject's assessment reflects a market value of $573,330 when using the level of assessments for class two property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted a condominium analysis based on sales of two units in the condominium complex. These two units comprised an ownership percentage of 37.5% in the complex. The total consideration for the sales of the two units was $859,999. Multiplying this amount by the percentage of ownership results in a full value of the complex of $2,293,330. Multiplying this amount by the percentage of ownership of the subject property, 25%, results in a total value of the subject property of $573,332. This would suggest a total assessment for the subject property of $57,333. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in May 2021 for a price of $465,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market with the multiple listing services, and it had been on the market for one month. In further support of the transaction the appellant submitted a copy of the settlement statement. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or sufficient evidence to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of $465,000 as of January 1, 2024. Since market value has been determined the level of assessments for class two property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. 86 Ill.Admin.Code §1910.50(c)(2)

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
