FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Diane Rodak-Salinas
DOCKET NO.: 24-32189.001-R-1
PARCEL NO.: 14-31-214-038-0000

The parties of record before the Property Tax Appeal Board are Diane Rodak-Salinas, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$18,600
IMPR.:	$48,368
TOTAL:	$66,968

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an approximately 92-year-old, multi-family dwelling of masonry construction with 3,612 square feet of living area. Features of the home include a partial basement and no garage. The property has a 3,000 square foot site and is in Chicago, West Chicago Township, Cook County. The subject is classified as a Class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant asserts assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with varying degrees of similarity to the subject property. The suggested comparable properties ranged in size from 2,946 to 4,084 square feet of living area and ranged in age from 113 to 126 years old. The appellant reported that the suggested comparables each had the same neighborhood code as the subject property and were located within two miles of the subject property. Three of the appellant's comparables had a partial basement and one had a crawl space. Two comparables had a garage and two had no garage. The comparables have improvement assessments ranging from $10.24 to

$12.37 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's total assessment to $55,586.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject as $66,968 The subject property has an improvement assessment of $48,368 or $13.39 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on eight equity comparables with varying degrees of similarity to the subject property. The suggested comparable properties ranged in size from 3,184 to 4,275 square feet of living area and ranged in age from 93 to 135 years old. The board of review reported that the suggested comparables each had the same neighborhood code as the subject property. Two of the comparables had a full basement, and six had a partial basement. Five of the comparables had a garage and three had no garage. The comparables had improvement assessments ranging from $13.39 to $17.90 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that the best evidence of assessment equity is the board of review's suggested comparable #6 and appellant's #1 and #3.[1] Like the subject property, these comparables have a multi-family dwelling of masonry construction with a partial basement and no garage. The dwellings on these comparables are like the subject dwelling in age and living area size. These comparables are in the same neighborhood as the subject. In comparison, appellant's comparables #2 and #4 had garages and #4 was smaller in living size, and the board of review's comparables #2, #3, #4, 5, and #7 had garages, #1 had a different exterior, #4 had less bathrooms, #1 and #8 had a full basement and #7 and #8 were greater in size and therefore were given less weight.

The best comparables have improvement assessments that range from $10.24 to $14.68 per square foot of living area. The subject's improvement assessment of $13.39 per square foot of living area is within the range established by the best comparables in this record. After considering these comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board therefore finds that the appellant did not demonstrate with clear and convincing evidence that the subject was inequitably assessed, and a reduction in the subject's assessment on this basis is not warranted.

[1] The board of review submitted two separate grids. For purposes of this appeal, PINS 13-25-324-016-0000, 13-25-326-006-0000, 13-25-322-036-0000, and 13-25-326-014-0000 are board of review's comparables #5, #6, #7, and #8.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
