

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Ganley  
DOCKET NO.: 24-33349.001-R-1  
PARCEL NO.: 24-16-207-050-0000

The parties of record before the Property Tax Appeal Board are Michael Ganley, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,421  
**IMPR.:** \$22,105  
**TOTAL:** \$26,526

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a multi-level dwelling of masonry exterior construction with 1,308 square feet of living area. The dwelling is approximately 52 years old. Features include a partial basement and a 2-car garage. The property has a 5,895 square foot site and is located in Oak Lawn, Worth Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within the subject's assessment neighborhood. The comparables are improved with class 2-34, multi-level dwellings of masonry exterior construction ranging in size from 1,264 to 1,304 square feet of living area. The homes are either 60 or 62 years old. Each comparable has a partial basement, central air conditioning, and a 2-car or a 2.5-car garage. The

comparables have improvement assessments ranging from \$20,975 to \$21,204 or from \$16.26 to \$16.60 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$26,526. The subject property has an improvement assessment of \$22,105 or \$16.90 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood. The comparables are improved with class 2-34, multi-level dwellings of masonry exterior construction ranging in size from 1,300 to 1,377 square feet of living area. The homes range in age from 54 to 64 years old. Each comparable has a partial basement and a 2-car or a 2.5-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$23,157 to \$25,409 or from \$17.81 to \$18.45 per square foot of living area. Based on this evidence, the board of review asserts the comparables' assessed value per square foot are the same or higher than the subject which supports its assessed value as equitable.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested equity comparables for the Board's consideration. The Board finds the parties' comparables to be relatively similar to the subject in location, design/class, age, and dwelling size with varying degrees of similarity in central air conditioning and other features. These comparables have improvement assessments ranging from \$20,975 to \$25,409 or from \$16.26 to \$18.45 per square foot of living area. The subject's improvement assessment of \$22,105 or \$16.90 per square foot of living area falls within the range established by the comparables in this record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
